Re: Legal resource pool-listing for the "Legal Hot-line" conference telephone in Room 123 Rindge Technical School, Cambridge, Mass.

After a successful tryout of the conference telephone in the volunteer student-built Demonstration Courtroomⁱⁿ classroom, 123, at Rindge, a permanent "Legal Hot-line" is expected to be installed^{*} by the end of January, 1973. I am asking you to donate some of your time and expertise in the area of law and justice to reinforce the learning experiences of students taking the TEENS & LAW: GOVERNMENT LABORATORY Course at both Cambridge Public High Schools. Will you be a participant by making yourself available to answer our calls relative to legal questions that come up during classroom discussions which need added clarification to that given by the classroom instructor? Specifically, I am setting up a listing of volunteers which hopefully will include your name and phone number, address, firm association or agency, area expertise, and biography (optional).

You will be on call at your convenience.

For whatever further part you share with our youth, I am

Very truly yours,

Anthony Bruno
