To The Honorable, The City Council:

In response to Awaiting Report Item No. 36, regarding the feasibility of installing a pedestrian stop light on Concord Avenue in the vicinity of the Tobin School, Traffic, Parking & Transportation Director Susan E. Clippinger reports the following:

The Traffic Department conducted a study of Concord Avenue along Callahan Playground and found that a pedestrian crossing signal was not warranted. However, the Department will be conducting a speed study along the street from Fresh Pond Parkway to Garden Street. In addition, the Department crosshatched most of the Concord Avenue crosswalks in this section and made sure all the warning signs are correctly installed. The Community Development Department is currently reviewing RFP's and will be hiring a consultant to study the Fresh Pond corridor including the intersection of Concord Avenue and Fresh Pond Parkway to develop a plan to improve safety. The Traffic Department is also studying Concord Avenue for additional ways to further improve pedestrian safety.

Very truly yours,

Robert W. Healy
City Manager
