OFFICIAL ANNOUNCEMENT

I am pleased to announce the organization of the Cambridge City Council Committees for the years 1976 and 1977. It is a longstanding matter of public record that I take the legislative role of this honourable body to be a serious mandate. I have every confidence that these committees will play a central role in the formation of policy for our city.

Several changes are worth noting. The Committee on Crime Control will be absorbed into the Committee on Public Safety to streamline operations. Beyond that, I have created new committees to deal with Elder Affairs, Recreation, Public Services and Rent Control. This action reflects my belief that these activities will benefit from a closer partnership with the legislative branch.

Sincerely,

Alfred E. Vellucci
Mayor

OFFICIAL ANNOUNCEMENT

I have appointed the following councillors to serve on a Special Committee on Rules: Councillor Walter J. Sullivan, Chairman, Councillors Francis H. Duehay and Daniel J. Clinton. They will be assisted by City Clerk, Paul Healey.

It is my belief that the Cambridge City Council needs a new set of rules for the years 1976 and 1977 in order to comply with new legislation, such as the State Open Meeting Law. I know that this special committee will produce a more effective set of rules which in turn will make for a more effective Council.

Sincerely,

A handwritten signature in cursive script, reading "Alfred Vellucci".
