Thank you for your kind and generous action. I am both humbled and honored that the Mayor and Councillors of the Commonwealth's best managed City would offer its support.

The process is moving forward albeit at a glacial pace, yet there is energy and good will available to us. I do hope and trust that the Turnpike is a good neighbor and I offer my services in that regard should you need me.

Cambridge has always treated Chrissy's well. Please know my daughter lived in the City over the summer and attended one of your fine Colleges. Her stay and visiting her was always a wonderful experience for our family.

Again, many thanks for your notice. We'll do better for the taxpayers and toll payers in the future!
