

Celery: some crunchy creations

by Marjorie Forte'

Celery, so popular in lunch bags or as dunkers for dips, has been around a long time, but not appreciated until the late 19th century.

The ancient Greeks and Romans cultivated celery. However, it was not grown to eat, but to be used as a funeral plant to decorate tombs or to be woven into wreaths worn during banquets in the belief that the diners would be protected from hangovers.

Celery was not introduced to our country until 1874, when Dutch settlers in Michigan brought seeds with them from the old country.

For whatever use, whether to prevent a hangover, heat up the body or just satisfying hunger with a crunchy low calorie treat, celery has found it's place in world cuisine.

CELERY BAKE

1 large bunch celery, cut into 1" pieces
1 medium onion, chopped
1 green pepper, chopped
2 tablespoons butter
3 ounces blue cheese
3 ounces cream cheese
¾ cup heavy cream
3 tablespoons sherry
Salt and pepper

Cook celery pieces in water until barely tender. Drain, reserve liquid. Saute onion and green pepper in butter. Blend in ¾ cup celery broth, blue cheese, cream cheese, heavy cream, sherry, salt and pepper. Place celery in baking dish and pour over sauce. Bake 15 minutes at 400 degrees or until bubbly.

BAKED CELERY WITH WATER CHESTNUTS

4 cups celery, cut in 1" pieces
1 5-ounce can water chestnuts, drained and sliced
¼ cup diced green pepper
1 10½-ounce can cream of chicken soup
¾ cup bread crumbs
¼ cup toasted slivered almonds
2 tablespoons butter, melted

Cook celery in salted water 8-10 minutes, uncovered. Drain; add soup, water chestnuts, and green pepper. Turn into 2-quart buttered casserole. Toss bread crumbs and almonds with butter; sprinkle on top. Bake at 350 degrees for 35 minutes or until golden brown.

Catch Slap Happy

By Jim Gelfand
Special to the Chronicle

If you want to get happy, you make it on down to Ryles and Wednesday night and see a very classy new comedy group called Slap Happy.

Actually, as a percussion ace Jeff Ernstoff says, the group is "no stranger to audiences, having been part of many during their long theatrical careers."

In fact, Slap Happy was performing on the street as early as 1977 with original members Allan Jacobs and Brian O'Connor wowing 'em with juggling and the infamous Stubby Malone character. In 1979, the group had a six-month run at Boston's Charles Playhouse and were selected as the "Best Comedy Show" in the Boston Globe 1979 Reader's Poll.

Despite their previous sucess, the present incarnation of Slap Happy with new members Jan Kirschner and Jeffrey Ernstoff has provided the chemistry to make it all fall into place on a whole other level. As Allan Jacobs says, "Now everyone can juggle, play music and do comedy."

Their versatility was achieved after much rigorous rehearsal but its been worth it; the fluid, canny pacing and comraderie is the first thing one notices about the show. Well, maybe the second.

These guys are really funny-whether they're dealing out their 52 American Hostage cards, parodying Devo and Billy Joel, joining the Fun Army or bringing on the Puker Scooper and Barf Scarf — they do have something for everyone.

Public relations-wise this can be a problem. As Brian O'Connor says, "We'd like to have a label because people respond to that."

Jan Kirschner goes so far as to call what they do "a combination of satire, slapstick, and social commentary but mostly lunacy." Later he decides on "comedy that has the energy of rock and roll."

Because each member is a competent instrumentalist, the group can stand as a band that plays with the crazy discipline of rockers when appropriate. The group's current poster of an upside down baby being slapped by a nurse had definite punk overtones and, as Jan says, "we're trying to appeal to people who go to see bands, not just comedy."

Yet, Slap Happy hasn't forsaken the classic elements of stand-up comedy, mime, and improvisation. In one sketch, the simple act of reading names from a phone book becomes an adventure because of certain facial gestures and sounds you'll have to see to believe. The group also gets a lot of mileage out of Jacob's juggling, playing it straight and using it as a foil for their mock jealousy of him stealing the show in a bit called Juggling Cowboy.

It is no contradiction to say that the members of Slap Hapopy are dead serious abut their comedy. They have a feel for detail and in the calculated way they can appeal to a large audience without compromising themselves.

SLAPPING HAPPY are the members of the comedy group, Slap Happy. From the left are Allan Jacobs, Jan Kirschner, Brian O'Connor and Jeff Ernstaff.

PINS AND NEEDLES, Harold Rome's 1930s musical revue, will open at the Peoples Theatre, 1253 Cambridge St., on Thursday, July 9. In the front row from the left are Jill Jacobsen, Connie Dawson, Kathy Woods, Amy Carson and Larry Peterson. In the back row are David Vanleesten, Suzanne Cable, Dale Davidson and John Minnock. 'All Our Gifts' exhibit opens with student works

Gifted and talented students from the Cambridge Public Schols will exhibit their achievement throughout the month of July in a presentation displayed in the foyer of the Cambridge City Hall.

School Department Director of the "All Our Gifts," program, Ted Wayne, said that the exhibit focuses on the project's Art and Studios program that offered students the opportunity to work in an apprentice relationship with professional artists who are Cambridge residents.

Wayne explained that selected students from the Agassiz, King, Fitzgerald and Morse Schools worked with artists Larry Wooden, Ellen Stutman, and Lynn Margil in the artists' studios after school hours during the past school year. He noted that the artists' studios were all within walking distance of the schools where the children attended.

In addition to the fine arts, students also work with professional photographer Carey Wasserman to learn the finer points of artistic photography.

Wayne added that the program was coordinated by Cambridge artist Gui deLa, who is also responsible for designing the exhibit at City Hall.

Wayne said that the "All Our Gifts," program seeks out students interested in exploring their talents in music, writing, and art, and fosters these talents through a number of challenging activities that become a part of the students' curricular and extracurricular activities.

MIT student bids for national bridge title

A Massachusetts Institute of Technology post-doctoral student has told the American Contract Bridge League he will play at the world's largest tournament of 1981 at Boston in July.

Richard A. Friesner, 29 Pleasant St., Cambridge, will make a bid to capture the Springold Master Team Championship in which he was part of the runner-up team in 1980 at Chicago.

Richard L. Goldberg Memphis, ACBL executive secretary, said the 1981 Summer North American Bridge Championships, July 24 - August 2, will draw 6,000 competitors from the United States, Canada, Mexico and Bermuda.

Friesner, 29, began tournament bridge in 1963. He was graduated from the University of Chicago with a B.S. in 1973 and received a PhD. from the University of California in 1979. He is doing his post-doctoral work in chemistry at MIT.

Police focus on gangs

Acting City Manager Robert W. Healy today announced the implementation of a special assignment of police officers to combat gang disturbances and public drinking that becomes so much of a nuisance during the summer months.

"There will be two cars assigned, one to each half of the City, from 5 pm to 2 am on a daily basis. These cars will, except in extreme emergency, respond to no calls other than gangs disturbing. Chief Leo Davenport and Acting Chief Anthony Paolillo have identified 42 trouble locations where drinking and disturbing are a constant source of consternation to the neighborhood residents," Healy said.

"The public drinking ordinance adopted by the City Council will be vigorously enforced this summer," Healy added.

Fire alarm

Shortly after midnight on the Fourth of July a citizen approached the East Cambridge fire station to report a building fire at 95 Third St.

Firefighters notified the fire alarm office and requested a full one-alarm assignment of three engines, two ladders and the rescue company. Upon arrival, the officer in charge of Ladder 2 immediately requested a second and third alarm be transmitted due to heavy fire showing from the basement through the third floors of a four-story occupied dwelling. Firefighters were notified of people trapped in the building as the first alarm companies attacked the fire. Engine companies put two-and-one-half inch hose lines to work as ladders were placed and the roof opened to provide ventialtion by ladder truck crews. The rescue company and several engine companies attempted to make a thorough search of the building and were met by large volumes of fire. Fire Lieutenant John Gelinas of Engine 5 was treated at the scene for smoke inhalation after he and the members of Engine 5 removed a civilian from the roof of the building via the fire escape to the second floor where the man was taken over a fire department ladder to safety. The cause of this blaze is believed to be electrical in nature.

During the week of June 28 to July 4, the Cambridge Fire Department responded to 174 calls.

Schools train leaders

A "Community Leadership Training Program," for 40 Cambridge Public School students had been scheduled by the School Department through July 24.

Dr. Dorothy Jones, School Department Desegregation Project Director, said that the program is designed to include activities relating to multicultural education, leadership skill training, physical education, building mutual trust, and community work.

Dr. Jones explained that the three week program is part of the schools' desegregation project that has been phased into the community over the past three years. She said that the program's purpose is to assist students from various racial groups to better understand each other's cultures, customs, and attitudes.

The program will emphasize interdependant exercises including problem solving games that demonstrate students' positive traits and achievements.

Among the tasks will be a ropes course that features climbing and jumping and "cooperative problem solving." Other activities include writing a family magazine, conflict management, developing an ethnic map of the city, and racism awareness.

Ruth seniors 2nd at mid-season

The Cambridge entry in the Middlesex Senior Babe Ruth Baseball League finished June with 14-3 rout of Woburn behind the strong pitching of Colin Daughtrey and an 18-hit attack led by Rick Smith, Mike Harshbarger, Jeff Holmes and Tim Hagan. This win brought Cambridge's record to 7 and 6 and lifted them into second place at mid-season behind league-leading Arlington.

So far, it has been feast or famine for the Cantabs. The 7 wins include a doubleheader sweep of Arlington (4-0 and 10-2), Lexington (7-3), Watertown (12-3) and Belmont (19-3 and 18-5). Losses to second-division teams Melrose (6-2 and 8-6), Woburn (7-6) and Belmont (6-3) have kept Cambridge from mounting a real challenge for first place. Coaches Scott Harshbarger and George Wolfe, in evaluating their team, said "We have shown the potential to win this league but, as our record shows, so far we lack the consistency and mental discipline and intensity a good team must have to perform well in a tough league."

Cambridge has been led by the hitting of Al Lee (.429), Jeff Holmes (.429), Harshbarger (.393), Jack Normile (.359 and 15 RBI's) and Joe Rossini (.314). The defense has been anchored by the exceptionally solid play of Billy McGaffigan at shortstop and Normile in Centerfield and the pitching of Rossini (3-1) and Harshbarger (2-1). Wolfe noted that the key in the second half of the season will be the continued improvement of good, younger ballplayers like Daughtrey, Hagan, Smith, Dan Hill, Roberto Arguello, and Steve and Jack Lopes.

The goal of the Senior Babe Ruth program; according to Harshbarger, is to be competitive and to win, if possible, but "also to give all of these young men the opportunity to play and participate in good, disciplined summer baseball program in a well-run league".

THOMAS 'SATCH' SANDERS

WCAS signs 'Satch' Sanders

Former Boston Celtics player and head coach, Thomas "Satch" Sanders has joined the ranks of the Cambridge black managed and programmed radio station, WCAS-AM 740.

Adding to his long list of achievements, not only in the fields of professional sports, but also as proprietor of one of Boston's most popular and prestigious restaurants and night spots, Sanders will host "Satch's Corner" a three to four minute sports commentary show which will feature interviews with local and national sports celebrities.

WCAS-AM, only six weeks on the air under its new black management and with its all black-programmed format, has already received public attention as the "newcomer" in the area media market.

WCAS General Manager Talbert Gray says that the addition of "Satch's Corner" will support the station's new commitment to news, sports and traffic, while at the same time, giving further support to the station's claim to exciting and innovative programming.

"Satch's Corner" will air weekday mornings in the 8:20 am time slot.

Reds crush Chips, 6-0

In the first game of the major league playoffs of the North Cambridge Little Baseball League, the Cambridge Co-op Bank Reds upset the Wise Chip team, 6-0. The Reds received a two-hitter from their pitcher, Rich Sands, who fanned nine batters and allowed only one Wise base runner to reach third base.

Ed Davis led the offensive attack for the Reds with two doubles. The first double scored Bill Burke with the winning run in the second inning and Matt Sills singled in Davis to give the Reds all the runs needed for the victory. Chris Bennett did a fine job for Wise on the mound and collected a hit as did Ian Whiting.

The Reds went on to face the Knights of Columbus club which reached the finals by defeating the V.F.W. Mets earlier in the week. The final featured a tough pitchers' duel with the Knights coming out on top, 3-1. Reggie Boone was the winning pitcher, allowing only three hits while striking out six batters.

The crushing blow for the Knights came in the fourth inning, when with two outs, Steve Picard delivered a double down the left field line to knock in two runs which gave the lead to the Knights and eventually the victory. The pitching chores for the Reds were handled by Joe Rodenmacher who was impressive with ten strike outs while allowing only two hits

Re: Request for Approval of Urban Renewal Plan Change
Wellington-Harrington Urban Renewal Area
Project No. Mass. R-108 / Tract Number 4

The Honorable, the City Council:

A request for the approval of an urban renewal plan change, for the Wellington-Harrington Urban Renewal Project is enclosed, together with supporting documentation. Adoption of the proposed change would make the present plan consistent with a zoning change, which has been recommended for ordination by the Planning Board. The request involves a zoning change from the Industry B district to a Residence C-1 district in an area generally bounded by Cambridge Street, Portland Street land owned by American Biltrite and the former Grand Junction Branch of the Boston and Albany Railroad in East Cambridge.

Ordination of the zoning change makes the re-zoned area consistent with the land uses on either side and will allow the development of residential uses to proceed. This development is in response to the request of the neighborhood for new housing construction on the 5.5 acre site. Also, it will revitalize the residential neighborhood located between the Wellington-Harrington and East Cambridge neighborhoods. The Cambridge Redevelopment Authority has designated the Wellington-Harrington Development Corporation (WHDC), a locally-based neighborhood development corporation, to build the housing. WHDC proposes to construct approximately seventy-five (75) units of mixed-income housing, within the Residence C-1 height and density requirements of the Zoning Ordinance.

Your positive consideration is respectfully requested. After Council action on the plan, the Authority will be able to proceed with the Executive Office of Communities and Development of the Commonwealth and with the Department of Housing and

Urban Development. Both agencies must concur in the proposed change.

Sincerely yours,

Joseph F. Tulimieri
Deputy Executive Director

Re: Proposed Amendment No. 4 to the
Wellington-Harrington Neighborhood Renewal Plan

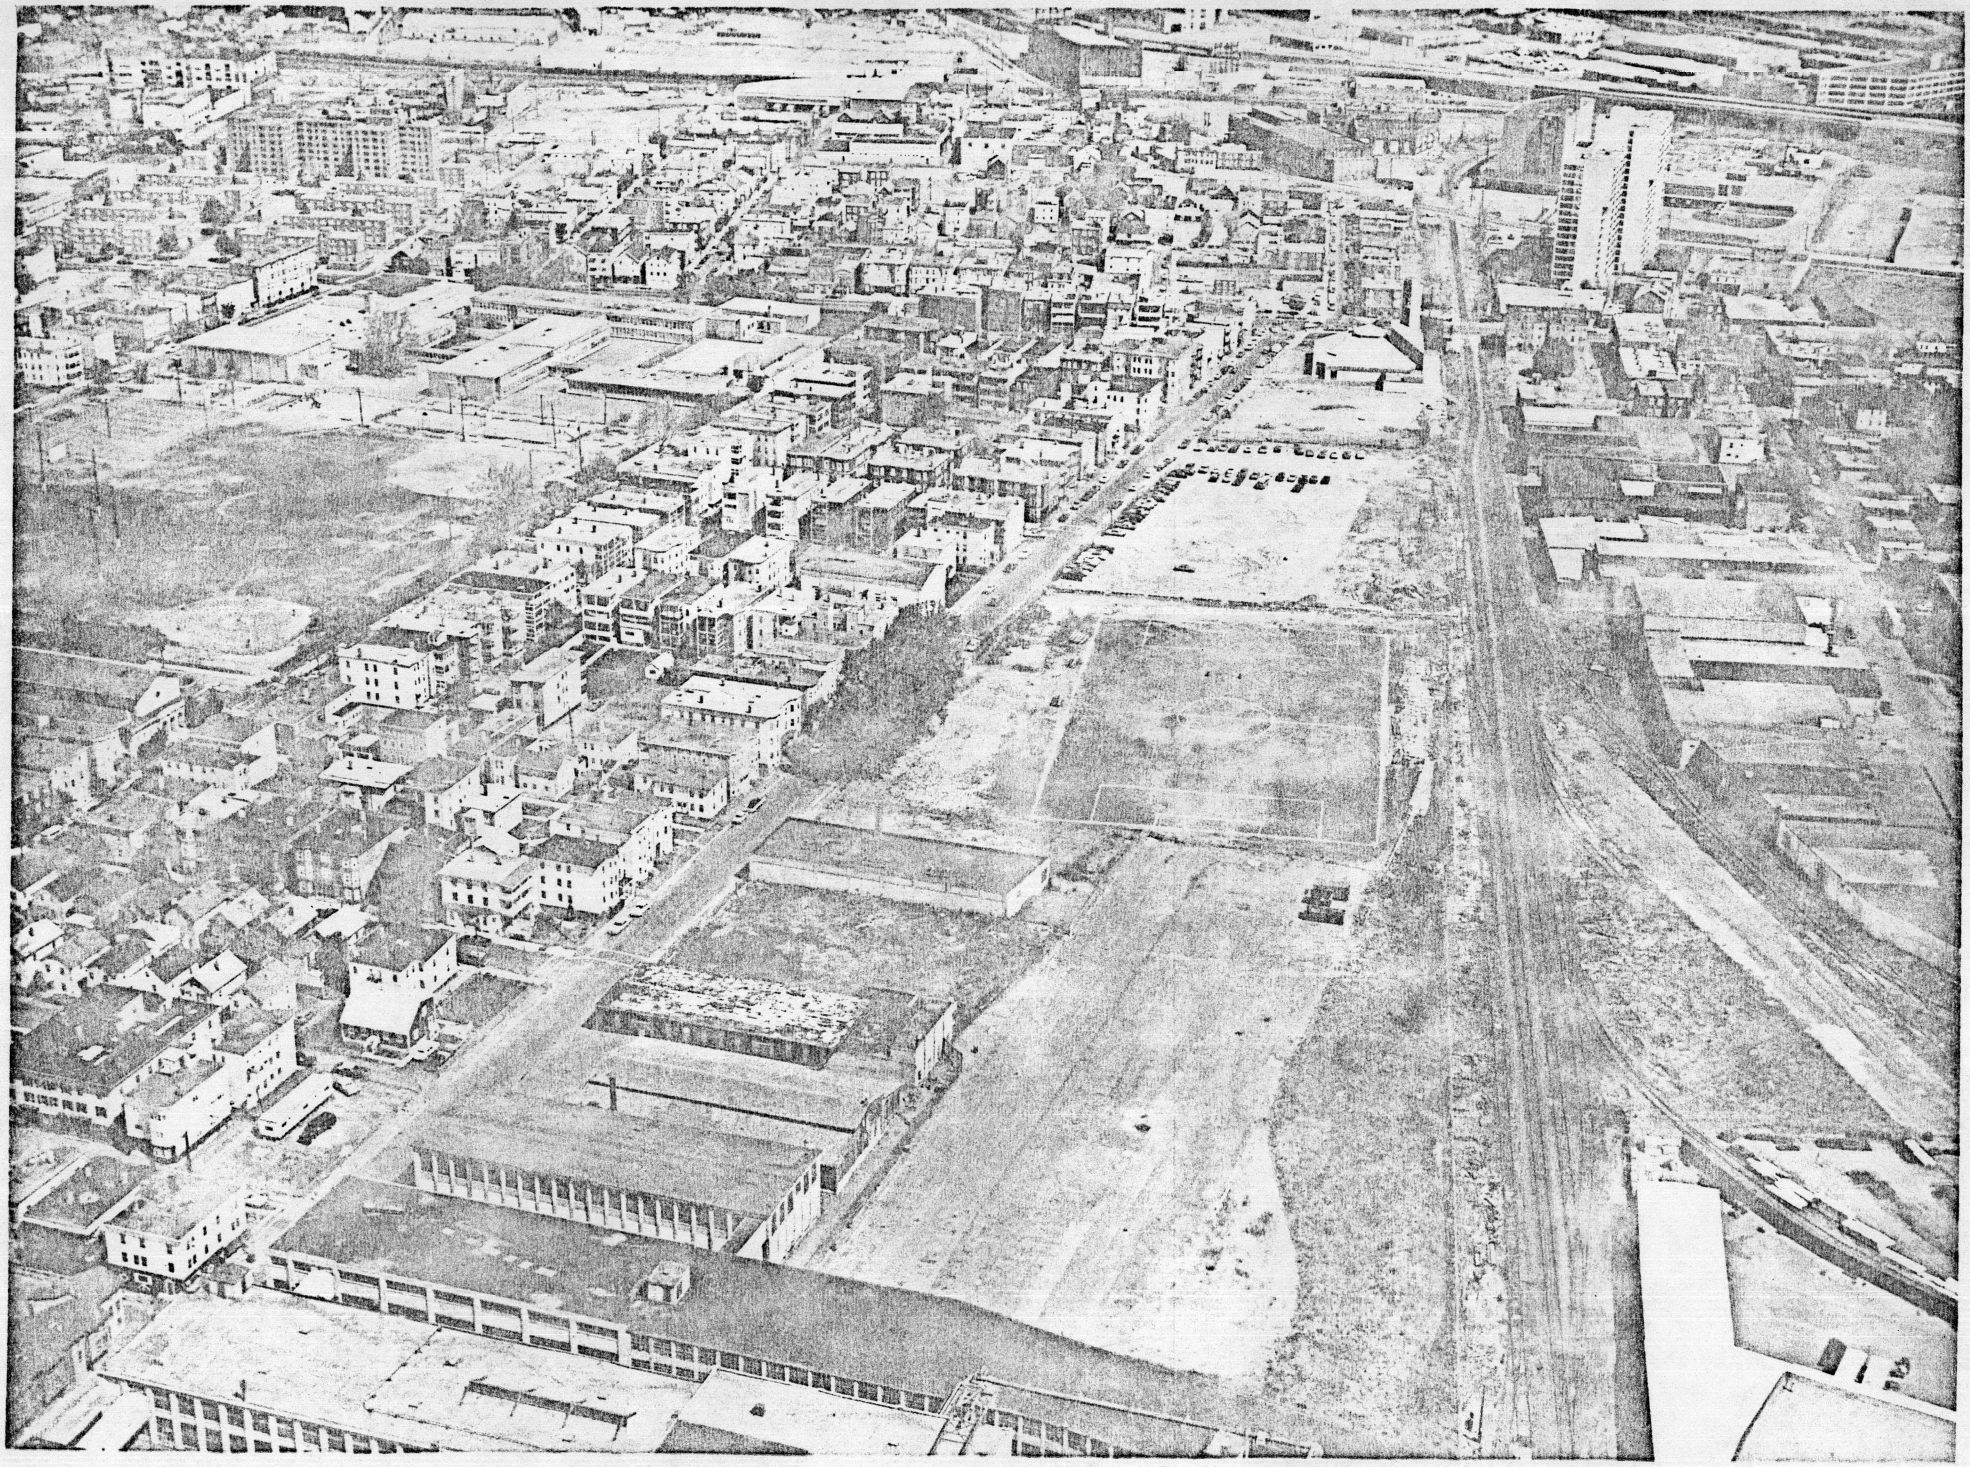

Dear Mr. Nowiszewski:

We have been advised by the members of the Authority staff that the Authority is considering a minor modification of the Wellington-Harrington Neighborhood Renewal Plan in order to permit residential development on a portion of the area to the east of Portland Street. We also understand that the zoning for this area will be changed from "Industry A" to "Residence C-1". The proposed Amendment of the Plan, to bring the plan in conformity with the proposed rezoning, is highly desirable in our view. Pursuant to Article XI of the Plan, you have requested our advice and counsel and we hereby approve the proposed Amendment No. 4 and offer any assistance which you may desire to effect the proposed modification.

Very truly yours,

WHEREAS:

The Cambridge Redevelopment Authority, with the concurrence of the Wellington-Harrington Citizens Committee, has proposed Amendment No. 4 to the Wellington-Harrington Urban Renewal Plan, and has requested an amendment to the Zoning Ordinance to provide for residential reuse rather than an industrial reuse as presently allowed on Tract Numbers 4B and 4C/D; and

WHEREAS:

The Authority has worked with neighborhood and City representatives and has identified Wellington-Harrington Development Corporation as the prospective developer to provide housing affordable to neighborhood residents; and

WHEREAS:

The Authority has previously worked with Wellington-Harrington Development Corporation to provide successfully housing for low- to moderate-income families in the Wellington-Harrington Urban Renewal Area, particularly Harwell Homes (56 units), Linwood Court (45 units), and the George Close Building (62 units); and

WHEREAS:

The Authority has worked with other locally-based neighborhood development corporations, including Just-A-Start Corporation and Homeowner's Rehab, Inc., to provide housing for low- to moderate-income families on scattered sites in the neighborhood; and

WHEREAS:

Despite the Authority and the Wellington-Harrington Development Corporation's commitment to providing housing for low- to moderate-income families on Tract Numbers 4B and 4C/D, the recent change of Administration in Washington, and possible cutbacks in State housing programs makes it difficult to predict the availability of government support in the future months to provide housing for low- to moderate-income families;

NOW THEREFORE BE IT

RESOLVED:

That the City Council requests the Cambridge Redevelopment Authority and its prospective developer, Wellington-Harrington Development Corporation, to work with local and State officials to examine every possible Federal, State, and local program, existing or proposed, to provide housing for low- to moderate-income neighborhood residents on Tract Numbers 4B and 4C/D in the Wellington-Harrington Urban Renewal Area, and to report back to the City Council if it is not possible to utilize any of these programs.

Proposed Rezoning ═══ **Portland Street**

IB to Residence C-1 **April** *1981*

City of Cambridge

In City Council June 1, 1981

The Ordinance *Committee*

to which the petition of the Planning Board to amend the Zoning Ordinance of the City of Cambridge by rezoning to Residence C-1 those areas presently zoned Industry B as shown on the attendant map and bounded by Portland Street, by the Grand Junction Branch of the Boston & Albany, by St. Anthony's Church and the Boston Woven Hose property containing 229,907 square feet and designated a Parcel 4c/4d Proposed Housing, met on Tuesday, May 19, 1981 at 5:20 p.m.

Presiding: Councillor David A. Wylie, Chairman.

The Chair called for the proponents to appear.

In response to the call of the Chairman the Committee heard from Mr. Joseph Tulimieri of the Cambridge Redevelopment Authority who outlined plans for seventy-five housing units on the site and stated that the proposal by the C.R.A. involve two actions by the Committee, the first being the zoning change from Industry B to Residence C-1 which change had been approved by the Planning Board without objection by anyone. The second change would involve an Urban Renewal Plan which would make the Land Use Map contained in the Wellington-Harrington Urban Renewal Plan consistent with the Zoning change which change had not been opposed.

The Committee was in receipt of information entitled "Neighborhood Improvement Kit" outlining in detail the matters referred to above.

In answer to question by the Committee, Mr. Tulimieri stated that this was a minor deviation from the original plan and the future development of a soccer field was under discussion.

Mr. Tulimieri stated that the plan included housing, parking and that no objection had been received from St. Anthony's Church which was adjacent to the area under consideration.

The Committee received a communication dated May 19, 1981 from the Southside Neighbors Community Development Corporation recording that organization in favor which was made part of the record.

A second communication was presented by James Bentubo of 5 Plymouth Street, Chairman of the Wellington-Harrington Citizens Committee, recording that organization in favor which communication was made part of the record.

David Vickery, Assistant City Manager for Community Development recorded himself in favor as did Elvira M. Santoiauni of 16 Plymouth Street, Mary Nicoloro of 16 Harding Street, Hugh Lyons, 12 Marcella Street and Margaret Gallagher of 6 Berkshire Place.

The hearing for the proponents was closed at 6:39 p.m. and the Chair called for the opposition to come forward.

The Committee heard from Chris McElwee of 367 Portland Street who recorded his opposition.

At 6:37 p.m. no one else appeared in opposition and the Chair declared the hearing closed.

Councillor Walter Sullivan moved that the two proposals be referred to the City Council without recommendation for consideration at the next meeting of the City Council on June 1, 1981.

There being no objection - the two proposals were so referred.

For the Committee,

Councillor David A. Wylie,

Chairman.

CAMBRIDGE, MASSACHUSETTS 02141

STATEMENT BY JAMES BENTUBO, CHAIRMAN OF THE WELLINGTON-HARRINGTON CITIZENS COMMITTEE DELIVERED MAY 19, 1981

The Wellington-Harrington Citizens Committee (WHCC) was created by order of the City Council over sixteen (16) years ago to assure that the Wellington-Harrington Urban Renewal Plan was carried out with the best interests of the neighborhood in mind.

Neighborhood stabilization has been the primary goal of the renewal plan and the development of homeownership opportunities through new construction and rehabilitation has been our successful strategy. We have achieved that goal with Harwell Homes, Linwood Court, as well as Lilac Court and many single family homes which have been newly built or substantially rehabilitated for homeownership over these sixteen years.

Today, in 1981, the Citizens Committee asks for this Council's support for a unique and worthwhile homeownership program. Approximately eighty (80) new homes will be built on Portland Street next to St. Anthony's Church, if these zoning and plan changes are approved by Council. Also, substantial new tax revenue (about $150,000) will be generated by this new housing which will not require any federal rent subsidies. Moderate-income families with children from Cambridge will be able to own their own home and continue to raise their children here in Cambridge because the Citizens Committee working with this Council and the CRA agreed on this very important priority: family housing.

Copies to all Councillors - Received 5-19-81 AT 6:12 PM

Now, with regard to soccer ball: we can all agree that it is an exciting and desirable sport; and we can all agree that Cambridge should provide playing fields for this sport for our kids of all ages.

However, the construction of this "temporary" soccer facility on Portland Street in 1978 (by vote of the Council and agreement with the CRA) was done without the advice or consent of the Citizens Committee and in violation of the urban renewal plan. Indeed, the survey of the Community Development Dept. in 1979 indicated that less than 24% of the area residents favored a soccer field while over 61% were opposed to soccer on that land. A public hearing at the Harrington School in 1980 revealed virtually no support from area residents for a soccer field at this location. Another public hearing two weeks ago at the Harrington School found unanimous support for our new housing program and no support for the soccer ball facility at this location.

Yes, there should be a soccer facility in Cambridge. There are two immediately available locations: at the Kennedy School playing field in East Cambridge and the Lousitania Field near Fresh Pond Circle.

At a time when the City is laying off teachers and other valuable public employees for lack of money, it is not wise to ignore the significant tax revenues and neighborhood stabilization that can result from this new homeownership program on Portland Street.

The Citizens Committee does not believe that it is an "either/or" choice between soccer and housing. The City already owns enough land elsewhere to accommodate a permanent soccer facility. The Portland Street parcel is a keystone development parcel which is necessary for completing the residential stabilization of our community with tax-paying homeowners.

On behalf of the Citizens Committee, I plead for your continued support of our efforts. I thank you for your kind attention.

June 24, 1981

The Honourable Francis Duehay,
Mayor for the City of Cambridge
City Hall
795 Massachusetts Avenue
Cambridge, Massachusetts 02139

Dear Mayor Duehay:

The question of a zoning change for a parcel of land known as Tract 4, located on Portland Street in Area 3 of Cambridge, has recently come before the City Council for a hearing. Since a final vote on the matter has, as yet, not been taken, the Roosevelt Towers Tenant Council has asked me to relay their feelings on the proposed plans of the Wellington-Harrington Citizens' Committee for a section of our neighborhood.

As you know, Cambridge has one of the lowest vacancy rates in the state. Coupled with the lack of adequate space in the city in which to build additional housing for mixed-income families (prices for existing real estate/condominiums/rental units are almost always beyond the reach of the average working family) this newest venture of the Wellington-Harrington Citizens' Committee will once again help mixed-income families to remain in their city and neighborhood.

The Roosevelt Towers Tenant Council, given the above and the somewhat dubious state of financing for federal and state subsidized housing, voted at its general membership meeting of May 28, 1981, to fully support the efforts of the Wellington-Harrington Citizens' Committee in their bid to bring above-standard, affordable housing to members of the local community.

Keeping the past accomplishments of the Citizens' Committee in mind, the residents of Roosevelt Towers hope that you will relay our support for this venture to your fellow City Council members and that they in turn with give their full support to this venture when a vote is called. In anticipation of that support we thank you.

Yours sincerely,

Alice Pedro

Re: Alternative and/or Adaptive Reuse of Existing Recreational Facilities for Soccer

Wellington-Harrington Urban Renewal Area
Project No. Mass. R-108 / Tract Number 4C/D

Dear Mr. Sullivan:

The City Council requested additional information regarding the temporary soccer field located on Portland Street. The Authority asked that I report the following to you.

On March 26, 1979, the City Council requested that a portion of Tract 4C/D located on Portland Street in the Wellington-Harrington Urban Renewal Area be used as a temporary soccer field due to the following conditions:

1. Portland Street was a large tract of land which was not in use and future development was not imminent;

2. Russell Field in North Cambridge was closing, bringing about an acute shortage of park space for sports activities; and

3. MBTA had set aside funds to construct a new sports facility in the near future on the old dump site located in North Cambridge.

All of the above were important considerations at the time of the Council vote.

At this time, the Authority would like the Council to consider the following:

1. At the time of the aforementioned Council action, Lusitania Field, near Fresh Pond Circle in North Cambridge, was not being used for recreational purposes because of flooding problems. Today the Public Works Department is undertaking a complete reconstruction of the site which will eliminate the

flooding problem. This reconstruction program is contemplated to be completed in the early fall of 1981. Lusitania Field is located in the approximate vicinity of the proposed new recreational complex planned on the old dump site.

2. A study of alternative sites in the eastern end of the City did not produce any reasonable permanent solutions.

3. The Cambridge Community Development Department has explored the potential of recreational uses on the Simplex site and has indicated that such use is possible and could accommodate soccer.

4. Since the East Cambridge neighborhood is the area of the City in which soccer is a major sport and since the conditions presently on the temporary Portland Street site are poor, the Authority suggests that one of the three major recreational facilities, Donnelly Field, Ahearn Field or the Gore Street Playground be readapted to accommodate practice sessions or a permanend facility on one of these sites for for youth while the adults use the reconstructed Lusitania Field.

5. Tract Number 4C/D is presently ready for redevelopment as a housing site. Housing for neighborhood people is an important priority in the City today. This site has been identified for neighborhood housing. The Wellington-Harrington Development Corporation, a community-based group which has been commended numerous times by the Council and the federal government for creating new and renewed housing for neighborhood people, has been selected as the developer of this site. The necessary zoning and urban renewal plan changes have been concurred in by the Community Development Department, the Cambridge Planning Board, and the Community.

In view of these factors, the Authority respectfully requests that after this soccer season the temporary soccer field on Portland Street be terminated, that the Recreation Department develop an acceptable scheduling program on other fields, that the reconstructed Lusitania Field serve as the replacement site, and that the construction of housing for the neighborhood begin.

Sincerely yours,

Joseph F. Tulimieri

MOVED, that the Francis-Allyn House, 1564 Massachusetts Avenue, be designated as a protected landmark pursuant to Chapter Two, Article XVI, section 2-147(k) of the Code of the City of Cambridge, as recommended by vote of the Cambridge Historical Commission on June 25, 1981. The boundaries of this landmark designation are those of parcel 13, assessors plan 172. The designation is justified by the important associations of the house with historical figures Convers Francis and John Allyn, by its relationship with the architectural and cultural history of the City through its location on Cambridge Common and 19th century North Avenue, and by its association with a famous builder, Oliver Hastings. This designation specifically permits additional construction on the Follen Street side of the site, under the condition that the review authority of the Historical Commission regarding any alteration or new construction visible from a public way will be unimpaired.

Dear Councillor Wylie:

The Southside Neighbors Community Development Corporation is a non-profit neighborhood organization with membership open to all people in the Wellington-Harrington area. We have no affiliation to the Cambridge Redevelopment Authority, nor do we receive funds or staffing from that body or any other public body. We wish to record that we are in favor of the request by the Cambridge Redevelopment Authority to amend the Urban Renewal Plan so as to allow the construction of new housing along Portland Street provided that any housing built be market rate, not directly subsidized and does not enjoy special City tax treatment. As well provisions must be made for the present sports area to be relocated.

As the organization which in 1978 initiated and sponsored the Dante Alighieri Italian Cultural Center and adjacent townhouse development, the first market rate housing built in over fifty years in this area, we know directly how badly new housing is needed not just here but throughout the City. Properly built, affordable housing strengthens the community by giving ownership opportunities to neighborhood people and by allowing new people to locate in our area.

Therefore we ask that you give consideration to the request and vote your approval to the amendment.

Thank you for your continued interest in and support for our neighborhood.

A public hearing at the Harrington School in 1980 revealed virtually no support from area residents for a soccer field at this location. Another public hearing two weeks ago at the Harrington School found unanimous support for our new housing program and no support for the soccer ball facility at this location.

Yes, there should be a soccer facility in Cambridge. There are two immediately available locations: at the Kennedy School playing field in East Cambridge and the Lousitania Field near Fresh Pond Circle.

At a time when the City is laying off teachers and other valuable public employees for lack of money, it is not wise to ignore the significant tax revenues and neighborhood stabilization that can result from this new homeownership program on Portland Street.

The Citizens Committee does not believe that it is an "either/or" choice between soccer and housing. The City already owns enough land elsewhere to accommodate a permanent soccer facility. The Portland Street parcel is a keystone development parcel which is necessary for completing the residential stabilization of our community with tax-paying homeowners.

On behalf of the Citizens Committee, I plead for your continued support of our efforts. I thank you for your kind attention.
