Dear Sir:

The Advisory Committee requests that the Teen Drop-in Center Program be put on the Council agenda Monday June 22.

The center has been plagued by second-rate equipment or the lack of equipment that should be provided for in the contractual relationship between the Alliance and the Recreation Department.

The House is in support of the Drop-in program but it would like to see a better relationship between the House and the Recreation Department. We would like to have Paul Cowles present to see how this situation can be rectified.

Sincerely yours,

Mrs. Henrietta McIsaac
Chairman of Advisory Board
