Subject : Council Order #3 - 12-13-76
Line Street Lot

Trees in the Line Street lot were cut down in order to provide for the parking of automobiles in accordance with a plan developed by the Traffic and Parking Department, and the City Hospital.

These trees were removed because of the parking layout developed, and the grading of the site.

It is the Public Works Department's intent next spring to landscape and plant new trees in the lot, based on a plan developed by the Traffic and Parking Department, and the City Hospital.
