To whom it may concern:

At 4:00 PM, we were notified that the City Council has scheduled a public hearing pursuant to the request of Philip Kelsey, on behalf of himself and fellow cab drivers to discuss the application of the Cambridge Taxi Company to rescind Hackney Rule 4.

We did not receive official notification of this hearing until this time and I, or any of the principals of the company find it impossible to attend this meeting this evening.

I request that this be removed from the agenda this evening and be rescheduled for a later date so that we may be amply notified to appear.

Very truly yours,

CAMBRIDGE TAXI COMPANY
