September 11, 1995

To The Honorable, The City Council:

In response to Awaiting Report Item No. 43, regarding maintaining public telephones and utility poles, City Electrician George Fernandes reports the following:

Nynex has been instructed to check all public telephones and poles on a quarterly basis to remove posters and graffiti and to insure that all are clean and operational. The telephones in Harvard Square will be checked monthly, as these are more frequently used, therefore requiring additional attention. Cambridge Electric Light Company has also been instructed to inspect and maintain their poles on a regular basis.

Very truly yours,

Robert W. Healy
City Manager
