

# PETITION FOR PUBLIC PLANNING PROCESS FOR VFW HALL

- The former VFW Hall on North Mass Ave (adjacent to the Henderson Carriage House, opposite Kentucky Fried Chicken) is currently being considered for multi-unit affordable housing. This building consists of two open floors of roughly 3,000 Square feet apiece. The City Council may transfer this property to the Affordable Housing Trust Fund as early as 5 September
- The City Council directed the City Manager to investigate affordable housing uses "and/or" other uses such as a veterans' center or arts center. Such expanses of city-owned open floor space has potential for many valuable neighborhood uses.
- The Mass Ave Senior Center is interested in expanding its programs into some of the space at the hall.
- Local residents have proposed a Community Center/multi-use facility, to include an arts gallery fronting on Mass Ave.
- There has been no public process to consider any other alternatives besides affordable housing for this site. This hall is public property, owned by the City, and could be used for many things. Affordable housing may be a suitable use for this site, but other uses, such as an expansion of the Senior Center, may be equally suitable or even more suitable.
- **Before transferring the VFW hall to the City's Affordable Housing Trust, the City must ensure that the entire neighborhood, to include the residents and users of the nearby Senior Center, have the opportunity to explore other possible uses for this property. Once this property is designated for a certain use, we won't have such a chance again.**

- There has been no public process to consider any other alternatives besides affordable housing for this site. This hall is public property, owned by the City, and could be used for many things. Affordable housing may be a suitable use for this site, but other uses, such as an expansion of the Senior Center, may be equally suitable or even more suitable.
- **Before transferring the VFW hall to the City's Affordable Housing Trust, the City must ensure that the entire neighborhood, to include the residents and users of the nearby Senior Center, have the opportunity to explore other possible uses for this property. Once this property is designated for a certain use, we won't have such a chance again.**

# PETITION FOR PUBLIC PLANNING PROCESS FOR VFW HALL

- The former VFW Hall on North Mass Ave (adjacent to the Henderson Carriage House, opposite Kentucky Fried Chicken) is currently being considered for multi-unit affordable housing. This building consists of two open floors of roughly 3,000 Square feet apiece. The City Council may transfer this property to the Affordable Housing Trust Fund as early as 5 September
- The City Council directed the City Manager to investigate affordable housing uses “and/or” other uses such as a veterans’ center or arts center. Such expanses of city-owned open floor space has potential for many valuable neighborhood uses.
- The Mass Ave Senior Center is interested in expanding its programs into some of the space at the hall.
- Local residents have proposed a Community Center/multi-use facility, to include an arts gallery fronting on Mass Ave.
- There has been no public process to consider any other alternatives besides affordable housing for this site. This hall is public property, owned by the City, and could be used for many things. Affordable housing may be a suitable use for this site, but other uses, such as an expansion of the Senior Center, may be equally suitable or even more suitable.
- **Before transferring the VFW hall to the City’s Affordable Housing Trust, the City must ensure that the entire neighborhood, to include the residents and users of the nearby Senior Center, have the opportunity to explore other possible uses for this property. Once this property is designated for a certain use, we won’t have such a chance again.**

From: Craig Kelley  
To: Cambridge City Council  
Subj: VFW Hall Petitions  
Date: 15 September, 2000

2000 09 15 10:10

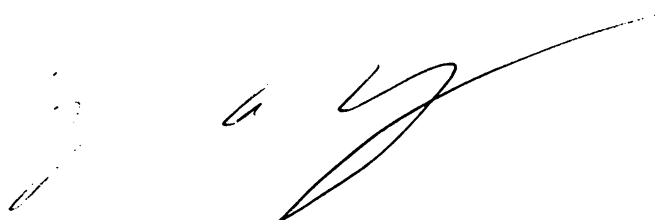

Dear Councilors:

Enclosed please find a copy of the various petitions concerning the lack of an appropriate planning process for the VFW hall. They are the same petitions (with signatures) that I emailed you earlier. I am sure you will agree that there is nothing vague about their message.

I estimate the signatures at about 150, perhaps a bit less. We didn't try all that hard to collect signatures so that number is really only the tip of the iceberg.

I trust you will do the right thing for the neighborhood and take no action to transfer the VFW hall until the entire neighborhood has been involved in a proper planning process.

Feel free to call me at 354-8353 should you have any questions about this issue.

Consent Communication #5

S 300

A communication was received from  
Craig Kelley, transmitting concern  
relative to the planning process  
for the VFW Hall.

In City Council October 2, 2000
