Dear Sir:

This Company is presently engaged in a labor dispute with Local 24, International Ladies' Garment Workers' Union.

It has come to our attention that representatives of this Union have been approaching the legislative bodies in various cities and towns of the Commonwealth and have been urging the passing of a resolution directing a boycott of our product. They seek such a resolution without your legislative body first giving this Company the opportunity to present all the facts.

Please be informed that I desire to be notified of any pending resolution in your city or town which concerns this Company so that I may be present and heard.

Sincerely,

Maurice Blauer
