Dear Sir:
On Monday morning, October 21st, around 9
o'clock in the morning, I was walking on
Heron Avenue just before Sparks Street, when
I tripped on the side walk and fell. The
side walk was hilly caused by a tree's
roots protruding thro' the pavement on the
street. This section is between Mannassas Avenue
and Sparks Street. I fell on the right
knee and had to have my husband take
me to the Emergency department of the
Mt. Auburn Hospital. There Dr. Cass examined
the knee, ordered X rays and found I
had a broken knee cap. He the
doctor put on cast on the right leg and
I'll be in that cast for 4 to 6 weeks.
