

Save Central Square

Stop the Demolition!

November 12, 1997

RECEIVED BY
OFFICE OF CITY CLERK
97 NOV 13 PM 1:32
CAMBRIDGE, MA.

To the members of the Central Square Advisory Committee, the City Council, the Planning Board, the Board of Zoning Appeals, and the Building Department:

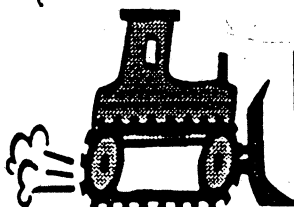

We would like to submit the following petition with approximately 900 signatures to be considered in your review of the Holmes Nominee Trust proposal. The petition opposes any demolition or development plan that would displace the businesses now in the Holmes building or require them to raise their prices. Support of this petition expresses a desire on the part of local residents and patrons to maintain Central Square as a place where small businesses that reflect the diversity of our neighborhoods can thrive, and where people of low and moderate incomes can afford to live, shop and do business.

We understand that the developer claims to have taken some steps toward accommodating the current tenants of the Holmes building by agreeing to provide relocation assistance and/or reasonable accommodation in the new building. We would applaud this effort. But on the basis of communication with the current tenants we are concerned that many of them remain unprotected, and that existing agreements are only verbal. We urge you to ensure that any agreements that the developer claims to have made regarding the protection of the current tenants be guaranteed in writing before you make a final decision regarding this proposal.

Thank you for your consideration.

Respectfully,

Wendy Young
Alfred Boyd
Marina Vyzos
Alan Cu Trayan
Amy Muesel
James M. Williamson
Hatch Smith
Lloyd Smith
Mykal Harris
Demetrius
John R. Scheide

Our community is threatened by the Holmes proposal to demolish buildings in Central Square and put up a luxury high rise.

Save Central Square

OUR COMMUNITY IS THREATENED! STOP THE DEMOLITION!

To Our Neighbors,

September 21, 1997

In May, Holmes Realty Trust - owners of the buildings on the corner of Central Square Plaza, running from the CVS all the way around to the Ethiopian Restaurant - announced plans to demolish these four buildings and to build a 11-story monolith which would rise abruptly from the plaza, enclosing some 90 high-priced apartments, 32,000 square feet of high-rent retail, and a 3-story parking garage. Holmes has a new development plan, "Holmes II" ignoring community recommendations that they negotiate with us, and follow zoning and planning guidelines.

All eleven of the neighborhood shops on the first floor of the existing buildings would be evicted, as would the dentists, accountants, attorneys and other offices on the second floor. The bulldozers would level shops and stores reflecting the diversity of Central Square: Irving's Shoes (in business 75 years), The Golden Donut, Wiener's Tobacco (31 years), Emily Rose (58 years), Lucy Parsons Bookstore, Oriental Buffet, Central Cleaners, A&S Diner, Surman's (in business since 1918!), Anthony's Greek Market, the Ethiopian Restaurant, third generation dentist "Ric" Dana and several more.

This is the heart of Central Square.

This project would not only destroy shops and restaurants upon which we depend - ultimately replacing them with chain stores which can afford to meet developers' high rents - it would also accelerate a spiral of rising rents and evictions throughout the square. Similar plans are already in the works. The environmental impacts — including traffic, fumes and parking — would be devastating.

Central Square must remain a public space where all members of the community feel welcome.

We must act to stop this project and to make it clear to others waiting in the wings that we are determined to defend our community.

- The Holmes Project violates the 'Central Square Action Plan' and Central Square 'Design Guidelines' - city mandates crafted to protect the cultural and economic diversity, affordability, and the character and architectural scale of Central Square.
- The owners cannot build this project without special permits and variances from the Planning Board and the Board of Zoning Appeals! We have the right and the power to block this proposed project. The next public meeting is the Central Square Advisory Committee anticipated for Wednesday November 12, 1997, 5:30 PM at the Senior Center, opposite City Hall on Mass. Ave. Holmes will present their revised development plan "Holmes II". Also upcoming is the Historical Commission, date to be arranged. Call for info. Come and show your opposition!
- Any development in Central Square must be a truly democratic process. It must preserve our community and its affordability, and meet the needs of those of us who live and work here. We intend to fight this demolition, oppose any special permits or variances, and demand that the city act to preserve an affordable Central Square!

We are the community of Central Square. We live here. We shop, eat, walk, work and meet our friends here. We are a diverse community in age, taste, color, residence, and economic circumstance. Call **"SAVE CENTRAL SQUARE"** for more information at 354-6938.

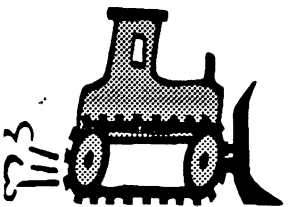

JOIN US:

Central Square Advisory Committee, Wed. Nov. 12 at 5:30

Planning Board, Tues. Nov. 18, at 8:30, City Hall

Regular Meetings: Wednesdays at 7:00,

First Baptist Church, Magazine St. Entrance

WE WANT THEM TO STAY!

To the City Council, the Central Square Advisory Committee, the Planning Board, the Board of Zoning Appeals, and the Building Department:

We, the undersigned, oppose any demolition or development plan that would displace the businesses which now occupy the Holmes building at the corner of Massachusetts Avenue and Magazine Street, or require them to raise their prices. Central Square's low and moderate income residents and patrons rely on these businesses for affordable goods and services. Affordability, both residential and commercial, anchors the diversity of Central Square's communities. We believe that the installation of more expensive businesses would fail to meet the needs of these communities and would accelerate their displacement from Central Square.

WE WANT THEM TO STAY!

To the City Council, the Central Square Advisory Committee, the Planning Board, the Board of Zoning Appeals, and the Building Department:

We, the undersigned, oppose any demolition or development plan that would displace the businesses which now occupy the Holmes building at the corner of Massachusetts Avenue and Magazine Street, or require them to raise their prices. Central Square's low and moderate income residents and patrons rely on these businesses for affordable goods and services. Affordability, both residential and commercial, anchors the diversity of Central Square's communities. We believe that the installation of more expensive businesses would fail to meet the needs of these communities and would accelerate their displacement from Central Square.

WE WANT THEM TO STAY!

To the City Council, the Central Square Advisory Committee, the Planning Board, the Board of Zoning Appeals, and the Building Department:

We, the undersigned, oppose any demolition or development plan that would displace the businesses which now occupy the Holmes building at the corner of Massachusetts Avenue and Magazine Street, or require them to raise their prices. Central Square's low and moderate income residents and patrons rely on these businesses for affordable goods and services. Affordability, both residential and commercial, anchors the diversity of Central Square's communities. We believe that the installation of more expensive businesses would fail to meet the needs of these communities and would accelerate their displacement from Central Square.

WE WANT THEM TO STAY!

To the City Council, the Central Square Advisory Committee, the Planning Board, the Board of Zoning Appeals, and the Building Department:

We, the undersigned, oppose any demolition or development plan that would displace the businesses which now occupy the Holmes building at the corner of Massachusetts Avenue and Magazine Street, or require them to raise their prices. Central Square's low and moderate income residents and patrons rely on these businesses for affordable goods and services. Affordability, both residential and commercial, anchors the diversity of Central Square's communities. We believe that the installation of more expensive businesses would fail to meet the needs of these communities and would accelerate their displacement from Central Square.

Central Square's low and moderate income residents and patrons rely on these businesses for affordable goods and services. Affordability, both residential and commercial, anchors the diversity of Central Square's communities. We believe that the installation of more expensive businesses would fail to meet the needs of these communities and would accelerate their displacement from Central Square.

WE WANT THEM TO STAY!

To the City Council, the Central Square Advisory Committee, the Planning Board, the Board of Zoning Appeals, and the Building Department:

We, the undersigned, oppose any demolition or development plan that would displace the businesses which now occupy the Holmes building at the corner of Massachusetts Avenue and Magazine Street, or require them to raise their prices. Central Square's low and moderate income residents and patrons rely on these businesses for affordable goods and services. Affordability, both residential and commercial, anchors the diversity of Central Square's communities. We believe that the installation of more expensive businesses would fail to meet the needs of these communities and would accelerate their displacement from Central Square.

We, the undersigned, oppose any demolition or development plan that would displace the businesses which now occupy the Holmes building at the corner of Massachusetts Avenue and Magazine Street, or require them to raise their prices. Central Square's low and moderate income residents and patrons rely on these businesses for affordable goods and services. Affordability, both residential and commercial, anchors the diversity of Central Square's communities. We believe that the installation of more expensive businesses would fail to meet the needs of these communities and would accelerate their displacement from Central Square.

Save Central Square

Let your voice be heard at the

PLANNING BOARD MEETING

Tuesday November 18

8:30 PM

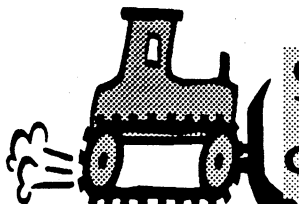

City Council Chambers, City Hall

- Express your opposition to the Holmes Realty Trust plans to demolish almost an entire city block and evict 18 businesses in the heart of Central Square!
- Join with other community members in demanding that the Planning Board support our needs and priorities!
- Call for a moratorium on any demolition until there has been opportunity for a fully democratic process resulting in widespread community approval!

PLEASE COME, YOUR VOICE IS VITAL

- We have over 2,400 (and counting) signatures on our petitions to protect Central Square. Come and sign!
- Also help us reach out to all Central Square communities!
- We need your help! For more information, contact:

Save Central Square at 354-6938
