To the Honorable, the City Council:

I am writing in response to Councillor Danehy's request at the City Council meeting of February 24, 1986 regarding the mural at the North Cambridge Senior Center, 2050 Massachusetts Avenue. The mural, to be dedicated this Spring, is located in the Community Room at the Center and represents "intergenerational communication" between senior citizens and the young. Designed by Cambridge artist David Fichter, the concept and images for the mural were composed with the participation of local residents and the seniors who use the center. This project was supported by a grant from Lotus Corporation.

Very truly yours,
