

To the Honorable, the Board of Aldermen
of the City of Cambridge:

The undersigned respectfully pray

That Cherry street from Washington to Harvard street be filled, graded,
and curbed, and that a catch basin be put in at the corner of Cherry and
Washington streets to carry off the stagnant water which collects all
along Cherry street, and which has caused much sickness in the vicinity.

And the property owners abutting on said street, agree to release all
damages, which may be caused by any change of grade in doing said work.
