

To the Honorable, the City Council
of the City of Cambridge:

The undersigned respectfully pray
that there be a new sewer laid in Brattle Street between
Brattle Square and Church Street.

Respectfully submitted,

Harry N. Stearns and George L. Dow

by *George L. Dow*
4 Brattle St

(This petition is presented at the suggestion of the
City Engineer.)

There is an old sewer at this point which is so high that
it interferes with plumbing in the basements of the stores
which we are erecting at #39 Brattle Street. We understand from
the City Engineer that there is a low sewer only a short distance
away to which connections might be made, in which case we would
have ample depth for any basement plumbing. We are holding up
our plumbing contracts pending a decision on this matter.)
