City of Cambridge.

In Board of Aldermen.
March 31st 1869.

The Committee on Roads and Bridges to whom were referred the petitions of G. A. Haywood et al. and of Isaac S. Pear et al. for the laying of stone crossings across River Street at the several places specified, have attended to the duty assigned them. They would report that the crossings as asked for ^{are for} private accommodation, and as they are not in the direct line of public travel on said street, the expense of laying them should not be borne by the city. Your Committee would therefore recommend that the petitioners be granted leave to withdraw.

For the Committee.
