To the Honorable, the Cambridge City Council,

**Cambridge Votes to Move Nuclear Reactor, Increase Affordable Housing, and
Implement Health Care Bill of Rights/Universal Health Care**

1998 NOV -5 P 3: 32
OFFICE OF THE CITY CLERK
CAMBRIDGE, MASSACHUSETTS

CAMBRIDGE, MA: Look what 28th Middlesex Cambridge Voters did. On Tuesday November 3, by dramatic margins, Cambridge voted to:

- (1) move the MIT Nuclear Reactor out of Cambridge, Massachusetts
- (2) increase affordable housing,
- (3) implement Universal Health Care / Health Care Bill Of Rights.

These 3 Referenda, which I placed on the ballot, plus the state-wide Clean Elections campaign--approved by voters with a clear majority, formed the cornerstone of my State Representative Campaign for Social Justice.

On Referendum 5, by a margin of more than 2 to 1, Cambridge voted to move the MIT Nuclear Reactor out of Cambridge to a safer and less densely populated area.

On Referendum 6, by a margin of nearly 5 to 1, Cambridge endorsed increased production and availability of affordable housing in Cambridge and state-wide.

On a third ballot question, Referendum 7, by nearly 8 to 1, Cambridge voters supported Universal Health Care and the Health Care Bill of Rights, legislation similar to federal and state legislation that went nowhere last year.

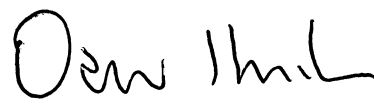

Latest returns from the 28th Middlesex district show 5,287 Cantabrigians support moving the Nuclear Reactor, 7,430 endorse increasing Affordable Housing opportunities, and 8,083 voted for Universal Health Care and the Health Care Bill of Rights.

I was the only candidate to actively promote, in every piece of campaign literature, Moving the Nuke, affordable housing, and Universal Health Care with Health Care Bill of Rights.

In the recent election, I was also the only candidate to limit campaign expenditures to Clean Election levels, and to refuse money from people and special interests with issues pending before the legislature.
