The Cambridge City Council  
 City Hall  
 795 Massachusetts Avenue  
 Cambridge, Massachusetts 02139

Dear Councilmen:

I am writing to express my support for the best possible facilities and amenities for pedestrians in the new Quincy Square. It is essential to remedy the very unattractive and unsafe situation that now exists. I strongly approve of plans to create neck-downs, narrow Mass. Avenue for a short distance, and add street furniture and landscaping. These and other elements of the proposed design will provide a vastly improved environment for non-motorists without interfering with adequate traffic flow.

I very much hope the City will implement the proposed design.

Sincerely,

Jane G. Wainwright

Consent Communication #5

Communication was received *S-289*  
from Jane G. Wainwright  
transmitting her support for  
the best possible facilities  
and amenities for pedestrians  
in the new Quincy Square.
