

BETTE WOODY

Present: Assistant Professor, Institute for Urban Studies,
University of Maryland, College Park, MD 20742

Coursework and research in urban and environmental policies and planning; environmental resources problem analysis, management and administration; federal, state and local programs; urban conservation and impact issues; urban land policies.

Consultant: Technology + Economics, Cambridge, MA.

Technology transfer and commercialization for state and local government; minority business enterprise development; environmental and energy problem assessment, policy and economic studies

Consultant: Social Science Research Center, Howard University,
Washington D. C.

Urban and environmental studies; neighborhood decisionmaking structures, citizen participation in public decisions

Consultant: Northeast Solar Energy Center, Cambridge MA.

Energy conservation studies in Northeast cities; housing and public facilities conservation program evaluation

June 1975 to
December 1976

Commissioner, Massachusetts Department of Environmental Management
100 Cambridge Street, Boston, MA.

Chief administrative officer of a resources protection, conservation and management agency. Programs included: water resources, flood plains and wetlands protection; state land and water programs; state forestry; forest and parks system; urban recreation facilities and solid waste management. Principal responsibilities were: central administration, budgeting and personnel management; supervision of state assessment fund and fee collection system; development of state land and water management policies, water resources and solid waste statewide plans. Full time employment of approximately 1,000, including 200 in central office and remaining staff in 5 regional offices and 59 sites. Operating budget of approximately \$13,000,000 and capital outlay program of approximately \$15,000,000

1971-1975 Principal, Community Planning Associates, New York, N.Y.

Principal and partner in consulting practice specialized in technical feasibility analysis and socio-economic and environmental impact assessment of urban transportation and transit corridors. Contract work included: preliminary corridor alignment assessment, alternative design impact studies and detailed Environmental Impact Assessments. Work included field survey and data collection, economic impact analysis and forecasts, local traffic analysis and network design. Principal clients: State of New Jersey, Department of Transportation; City of Newark, N.J. Office of Planning; New York Urban Development Corporation and Rockland County, New York, Community Action Agency.

1974-1975: Assistant Professor, Columbia University, Department of City Planning, New York, N.Y.

Graduate coursework in local public finance, administration and city planning, Environmental management and technical assessment, planning theory.

1973-1975: Instructor, Harvard University, Department of City and Regional Planning, Cambridge, MA.

Coursework in federal, metropolitan and city urban development and environmental problems, including housing and urban development issues; planning and housing administration; housing market analysis, including market studies, financing, subsidies and institutional questions.

1972-1974: Individual Consulting:

Housing studies: financial analysis for development of an 8-unit housing project for community non-profit sponsor, Roxbury Multi-Service Center, Roxbury, Massachusetts. Evaluation and planning for locally sponsored homeowners' 'revolving loan fund' for rehabilitation, Roxbury, MA.

Co-Director, Southwest Corridor Land Development Project, M.I.T. Urban Systems Laboratory

Headed research staff of six; land value, transit development impacts of major transportation corridor in Boston. Market analysis of impact zones, traffic generation.

Director, Fenway/South End Family Housing Study, M.I.T. Urban Systems Laboratory

Directed four-person technical team undertaking research for site development options for family housing in Boston's Fenway and South End neighborhoods.

1967-1970: Senior Planner, Walter Thabit, Planning Consultant, New York, N.Y.

Housing and community development studies under various contracts for New York City, White Plains, N.Y., Hoboken, N.J., Newark, N.J. and other communities. Principal efforts included: design and supervision of large scale housing surveys on structural conditions, residential occupancy and neighborhood satisfaction; special studies on neighborhood investment patterns, "redlining"; performance of non-profit housing developer sponsors in multi-family housing development; design and supervision of commercial and industrial revitalization area projects.

1963-1967: Planner/Analyst, Whiting Associates International, Rome (Italy) and Tripoli (Libya)

Analyst responsible for demographic and economic analysis for projects under contract with Ministry of Planning and Development and Municipality of Benghazi. Work included forecasts for elementary and secondary school enrollments, workforce and population forecasts; assessment of national growth and population distribution estimates; regional growth strategies for Fezzan and Tripoli Provinces; development of space standards for industrial and community development.

Education Massachusetts Institute of Technology, Cambridge, Massachusetts

PhD. 1975, Urban Studies and Planning; Public policy and economic analysis; thesis studies on impacts of urban social and economic change on public resource allocation in a variety of urban and environmental program activity in older cities; coursework and additional research in environmental and urban policy, public decisionmaking and public systems analysis.

Columbia University, New York, New York

M.S. in Urban Planning, 1970; thesis studies on neighborhood impacts of Federal and city urban renewal and housing policies; studies of local resistance to slum clearance and impacts on city policy structures in New York. Coursework in urban and regional economics, housing and transportation planning.

Antioch College, Yellow Springs, Ohio

B.A., 1960, Design.

Awards and
Honors

Ford Foundation, Martin Luther King Fellowship (1969)
Mellon Foundation Award (1969-70)
Columbia Fellows Award (1970, declined)
National Defense Education Fund Aware (1970-1973)

EXECUTIVE DEPARTMENT
JAMES L. SULLIVAN
City Manager

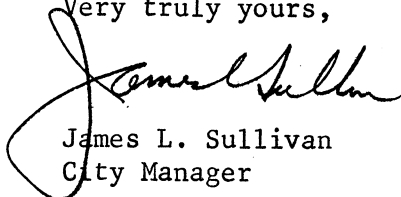

October 20, 1980

To the Honorable, the City Council:

I wish to notify your Honorable Body that I have re-appointed Hermann Field of 12 Old Dee Road, Cambridge, to the Cambridge Conservation Commission for a term to expire May 31, 1983.

I have also appointed Bette Woody, 1039 Massachusetts Avenue, Cambridge, to this same Commission for a term to expire May 31, 1983, to replace Thomas Bracken. Ms. Woody's resume is attached.

Very truly yours,

James L. Sullivan
City Manager

JLS/b

Agenda # 11 A-121

Appointment and re-appointment to the
Cambridge Conservation Commission.

In City Council,
