

RINDGE TECHNICAL SCHOOL

Broadway at Irving Street, Cambridge, Mass. 02138

To Professionals Concerned With the LAW EDUCATION of our Youth:

The 1970's have witnessed students of the City of Cambridge High Schools participating in Law Seminars through their continuing Teens & Law: Government Laboratory Program. This Program has been instituted to help high school students gain a better understanding of our American system of law and justice. These Seminars - with help from people like you - have been making an important contribution in educating for today.

Rindge Technical School has scheduled another Seminar for WEDNESDAY, January 21, 1976 from 9 a.m. to 12 noon. The Seminar will be held at Rindge in Room 123 which contains an all-student built Demonstration Courtroom. We take this opportunity to extend you an invitation to attend and be one of our members. Students from the law classes at Cambridge High & Latin and Rindge Tec will question you professionals - present about law and their roles in today's system of justice. These Seminars in the past have proven valuable and interesting for both panelists and students, and we would greatly appreciate your attendance and participation. We realize that your busy schedule may prevent your participation, but we would be extremely grateful for any time* you could donate. If you are interested in participating, please notify Mr. Anthony Bruno, Rm. 123, Rindge Technical School, Cambridge, Mass 02138.

Thank you for your continued interest and support in the education of our youth.

Sincerely,

Anthony Bruno

Anthony L. Bruno, Teacher

Rm. 123 Rindge Technical School

492-8000 Ext. 159

* Please indicate in your reply the approximate time you might participate,9:15 to 9:45, etc., and your specialty. Thank you.
