

To the Superintendent of Wires,
City Hall,
Cambridge, Mass.

We, the undersigned, residents in and about Phillips Place, respectfully call your attention to the desirability of having an electric light at the corner of Phillips Place by the entrance to the grounds of the Episcopal Theological School. There is much passing through this entrance, and at night it is extremely dark. It will be remembered that some weeks ago a young woman was attacked at night in this vicinity. In the interest of safety as well as of convenience, additional lighting seems most desirable. We respectfully ask your attention to the matter.
