That the Cambridge City Council supports the passage of House Bill 1445 which improves the State Revolving Loan Fund (SRF) by adding more state funds to provide a 0% interest loan to cities and towns for sewer infrastructure projects. HB 1445 contains the following provisions:

* \$15M/YR for FY95 & FY96 to provide mandatory state matching of federal SRF funds. When leveraged 2 for 1, this will finance \$150M/YR statewide of new sewer construction projects

* \$2M in FY95 to provide the initial monies for zero percent (0%) interest loans on wastewater projects

* \$4M in FY95 & FY96 to secure \$14M in EPA funds to implement a one-half interest rate loan program to finance water supply projects

* This bill is contingent on reauthorization of the federal Safe Drinking Water Act and anticipates federal capitalization funds being authorized and made available in FY95

That the City Manager be and hereby is requested to send copies of this resolution together with a description of the sewer work remaining to be done in Cambridge to all members of the Cambridge delegation in the Legislature respectfully asking their leadership on this issue.
