Mr. Paul Healy, City Clerk
Cambridge City Hall
795 Massachusetts Avenue
Cambridge, MA 02139

Re: Cambridge Center

Dear Mr. Healy:

In April of 1982 we broke ground for the new 67,000 square foot headquarters and research laboratories building for Biogen, Inc. at Fourteen Cambridge Center. This past February, just ten months later, Biogen began moving people and equipment into the first section of this new facility. And now the building is fully completed and occupied.

To help commemorate this important step forward for Cambridge Center, I am enclosing a memento of this phase of development mounted on a base of the same wood used in the main lobby and lecture hall of this handsome new building.

We at Boston Properties also want to take this opportunity to express our appreciation for the support and assistance you have provided to this development in the past, and to reaffirm our commitment to build the highest quality development possible and to make Cambridge Center a very special place.

Sincerely yours,

Mortimer B. Zuckerman
