Council Order #13 - September 27 -  
Lounge Area for Female Employees

The Public Works Department is in the process of constructing a lounge for all employees at City Hall, in the basement. This lounge is scheduled to be completed next week.

In addition we are preparing to put a public ladies room in the basement of City Hall, and redo the public mens room on the basement floor. The ladies room on the third floor will be redone, eliminating the public facilities. It will provide additional area for female employees at the Hall.
