Dear Council,

I am writing in favor of the Establishment of a
Community Residence for the mentally ill at 98-100
Aberdeen Ave. I live in back of the residence - on
the next st and would be happy to be on a committee
of neighbors welcoming these unfortunate citizens of
Cambridge.

According to latest treatment measures, mentally
ill people rapidly return to the community of
"Productive Persons" by the use of 1/2 way houses.
The trend is there! Each section of the community
should do its share in protecting and incorporating
them.

I was Appalled at the insensitivity, Self-interest
and uncaring exhibited at the meeting on 9/15/86.
We must work above this for the sake of these
hopeless people...

Sincerely yours,

Elizabeth Francis

10.
