To The Honorable Members of the Cambridge City Council,

On behalf of the staff at the Kennedy School, I am writing to express our gratitude for the engrossed copy of your resolution commending us for the manner in which we functioned during the power failure of September 22nd.

My staff is an unusual group of dedicated professions which assisted me in handling this matter so well.

In addition, I wish to publicly thank the three administrators and their staff of the following schools: John Balfe and the staff at the Tobin School, Fran Foley and the staff at the Harrington School, and Ron Walker and the staff at the Peabody School. These gentlemen were so gracious in their affirmative reply to my request for help and deserve public recognition.

Yours truly,

Mary T. Mroz
