①

Today we pay homage to Christopher Killups who hit our village of Cambridge with a stealth-like BANG! Before we knew how he was as opposed to who he was -- he had already become one of us. It ~~is~~ <sup>is</sup> all so...so confusing. You see, he is both plebeian ~~so~~ and elegant, his wry humor is a thin disguise for his lucious intellect. He is the Oblivious man who catches every detail - with the eye, the heart <sup>and</sup> the Camera.

Harvard, which already had its own problems sought out our Chris mostly because

## HOMAGE TO CHRIS Killip

Today, we pay homage to **Christopher Killip** who hit our village of Cambridge with a stealth-like BANG! Before we knew how, he was as opposed to who he was -- he had already become one of us. It is all so-o-o confusing. You see, he is both plebeian and eloquent, his wry humor is a thin disguise for his luscious intellect. He is the oblivious man who catches every detail - with the eye, the heart and the camera.

Harvard, which already had its own problems, sought out our Chris mostly because Harvard has to say it has all the best -- even if it does rarely know how the best will or won't behave. Chris could not behave but he would seek the Company of the very best and so he found Central Square and The Green Street Grill. Here he regaled the very best from all the world - whose who from New York, Dublin, Djurkarta Durban and everywhere else the important came here and learned something from Chris while feeling something real about Cambridge, along the long bar at Charlie's Tap.

Chris is a man who comes with his own things.- simple truth. He now will take his own things to a new, we hope, temporary venue! We hope that in the next venue the ordinary people will be so sophisticated, and banal, that he will return back to us the extra-ordinary people of Cambridge, where we love him. We know that very soon his 5th decade will commence so he must move around the Globe to see if its more "kool" somewhere else. But Chris, take it from we, the terminally "kool" and loving Cantabrigians, it really does not/could not be cooler than this. The Zenith is right here in Central Square.

We're here having a vibrant, vibrating life (w/o vibrators). This is as real and ordinary and really artistic as it gets. Art here is life and a true photograph is taken with every knowing blink of the eye.

There is a here, here while there may not be a there, there.
