POLITICAL DISCOVERY

EdCo Metropolitan Education Center

7 Marshall Street, Boston, Ma. 02108

July 29, 1976

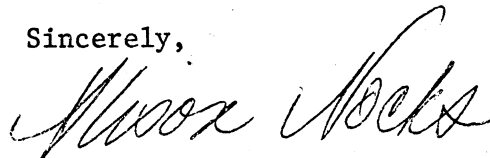

Dear Friend,

Political Discovery is a magnet educational program funded by the State Department of Education under chapter 636. The program brings together about 65 students from urban, suburban, private, public, and parochial high, and junior high schools, into Government Center to view the governmental process. Ten separate week-long programs are run throughout the year and each includes a variety of hour-long sessions with government officials, lobbyists, community organizers, media people, and group activities.

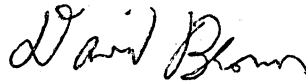

Because we are a non-profit organization, we rely heavily on the generosity of others. This year we have hopes to include more information on suburban government. In order to do this we need your help. We would appreciate it if you would contribute to our program in one of the following ways: 1) Donate information on your town government 2) Participate as a speaker 3) Recommend other people who might be able to help us.

Thank you for your cooperation.

Sincerely,

Alison Nocks, Intern

David Brown, Program Coordinator
