Council Order #21 - September 27 -
Cleaning Entrances and Exits of Central Square Branch Library

The Public Works Department does not have sufficient personnel to automatically assume responsibility, each and every time departments in the City takes possession of another facility.

We will provide street cleaning around this building as we do now to the facility, but the responsibility for cleaning the steps, and entrances is that of the Library personnel. There is no money in the budget this year for landscaping this facility. Next year I will include money in the budget.
