City Council  
c/o City Clerk  
Cambridge City Hall  
Cambridge, MA 02139

Dear Council:

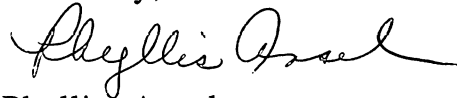

This letter is to give my support to providing a safe habitat once again for the B.U. Bridge geese.

I've been feeding them occasionally for the past 8 years and appreciate their friendliness and beauty in our urban environment.

I'm glad to know that they have other friends out there who care about them, feed them, and are working for their protection. I am sorry that one of them was killed and hope that neither the publicity nor the loss of their protective fence with trees and shrubbery was responsible for this.

In conclusion, I hope you will allocate funds from your open space plan for Magazine Beach to give back to the Goose Meadow protection from human and canine predators as well as a good-sized nesting area and healthy greenery to eat.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Phyllis Ansel', written in dark ink.

Phyllis Ansel

Consent Communication #19

2065

A communicaiton was received from  
Phyllis Ansel, transmitting  
support for the Harvard Square  
Historic District.
