Gentlemen:

Pursuant to our meeting this date, we are writing to request your cooperation in working a third shift in our soft ground tunnels at Flagstaff Park.

A three shift operation in the soft ground tunnels is imperative for the safety of the people working in the tunnels as well as private and public property at the surface.

We shall not schedule any blasting or hauling during the third shift.

We appreciate your assistance in this endeavor and pledge our continued cooperation in miniminzng construction impact on the community.

Very truly yours,
