

CITY OF CAMBRIDGE
INTEROFFICE CORRESPONDENCE

To James Cassidy
President, Local 195

Date June 8, 1978

From Mary Hickey *mh*

Reference Council on Aging

Subject 2nd floor, City Hall Annex

I would like to bring attention to two potential hazards on the 2nd floor of the City Hall Annex that may be of concern to the employees in this building.

Right outside of the Community Schools Office are a bunch of live telephone wires. Although there is a sign cautioning people to stay away, any child or even adult who cannot read may get electricuted.

The other potential hazard is a door that leads to the front stairway (which was torn down a few months ago). The door is constantly left open and there is a drop of about 25 feet.

TO WHOM THIS MAY CONCERN
RECEIVED BY
OFFICE OF CITY CLERK

JUN 15 2 48 PM '78

The undersigned City employees are concerned with their health and safety while renovations are being conducted at 57 Inman Street (City Hall Annex).

Consultant Status Personnel feel reluctant to sign this petition, but are in agreement with the above statement, due to the destruction of their work environment.
