Dear Members of the City Council:

Thank you very much for your activities on behalf of UN Day. Keeping us all informed on our most important international associations is a continuing need. The annual celebration on the anniversary of the founding of the UN, October 24, is a valuable way of keeping up this interest.

In the State House we had major addresses by Ambassador Monteagle Stearns, former Ambassador to Greece, and Ambassador Jonathan Moore, US Delegate to the Economic and Social Council of the UN. Ambassador Stearns spoke of the significance of the divisions in Yugoslavia and the Soviet Union as examples of the need for UN participation. Ambassador Moore spoke of the UN's work on the environment. Particularly he described the forthcoming Conference on Environment and Development this coming June in Brazil.

You have been part of this in Cambridge. We thank you.

Sincerely,

William L. Saltonstall
