Dear City Council:

I will be unable to attend the Council meeting of Monday, August 4; however I understand there will be discussion on an ordinance to place a freeze on the issuance of all new gun dealer licenses.

I would like to register my opinion in favor of this freeze. It is my belief that an expansion of dealerships would contribute to the availability of guns, and in turn to the greater possibility of violent crime.

Thank you for your consideration.

Sincerely,

Beatrice Phear
