

"Dear Councillors,

I urge the City Council to adopt a strong Ordinance for the Care and Use of Laboratory Animals in the City of Cambridge. I support the Ordinance because it provides for public review of experiments by a citizen board, inspection of facilities by responsible representatives, and requires at least one animal welfare advocate on Animal Care Committees within Institutions. I believe that the City must ensure that animals are not mistreated behind closed doors. The Citizens of Cambridge have a right to know what is going on in laboratories in their neighborhoods.

Sincerely,

Ilsebeth Appediso
