Boston, Mass., October 3, 1957

ORDERED that, on petition of New England Telephone and Telegraph Company dated August 27, 1957, for location shown on plan of New England Telephone and Telegraph Company dated July 2, 1957, and indexed accession number 56250X, for approximately 540 feet of buried cable for the transmission of intelligence by electricity in Cambridge Parkway, Cambridge, from Commercial Avenue, southeasterly, southerly, southwesterly and southeasterly, said Cambridge Parkway being a boulevard under the care and control of this Commission, said location having been found by order of the Department of Public Utilities to be required by public convenience and necessity, said plan and petition being on file in the office of this Commission, a hearing on said petition having been given by this Commission on Thursday, September 26, 1957, at 2 P.M., at the office of the Commission in Boston, of which hearing due notice was given to all persons interested of the time and place by publishing a copy of said petition and the order of notice issued thereon by this Commission in a newspaper published in the City of Cambridge, being the city in which the location petitioned for would lie, the first publication having been made at least fourteen days prior to the date of said hearing, and it appearing, in the opinion of this Commission that public convenience and necessity so require, said New England Telephone and Telegraph Company is hereby granted a location for said buried cable in said Cambridge Parkway to the extent and upon the terms, conditions and obligations hereinafter specified, the same being such as the public necessity and a due regard for the rights of the Commonwealth require, namely:-

1. The New England Telephone and Telegraph Company shall conform to all provisions of law applicable to the exercise of the rights and performance of the work under this grant and to the rules and regulations

of the Metropolitan District Commission.

2. The New England Telephone and Telegraph Company shall do the work of installing said buried cable in the location hereby granted subject to the approval of the Director of Park Engineering of the Commission as to time, manner and location and in all other respects.

3. Said New England Telephone and Telegraph Company shall indemnify and save harmless the Commonwealth of Massachusetts and the Metropolitan District Commission from any damage it or they may sustain or be required to pay arising out of the exercise by said Company of the rights hereby granted or by reason of any negligence of said Company or any of its employees in connection with the work done hereunder.

4. Said New England Telephone and Telegraph Company shall protect and maintain all trees, drainage or water pipes, and all appurtenances or structures either above or below the surface of the ground over which this location lies, and upon completion of the work shall restore the surface of the ground to the condition in which it was at the time of this grant and in a manner satisfactory to said Director of Park Engineering of the Commission, and shall maintain the surface of the ground and the location throughout in such condition to the satisfaction of said Director.

5. The New England Telephone and Telegraph Company shall place and maintain proper barriers at all times and from the beginning of twilight through the whole of every night sufficient lights to protect the public from injury or damage during the progress of the work under this grant or during repairs upon said buried cable and work on the location which may hereafter become necessary.

6. No work shall be done under this grant without first ob-

taining a permit therefor from said Director of Park Engineering and subject to conditions imposed by him.

The above is a true copy of order passed at a meeting of the Metropolitan District Commission, held in Boston on Thursday, October 3, 1957, as appears by record in this office.

D. P. U. 12280

Petition of New England Telephone and Telegraph Company for determination by the Department that public convenience and necessity require locations for buried cable to be used for the transmission of intelligence by electricity in Cambridge Parkway in the city of Cambridge.

Appearance: Francis Consilvio, for the Petitioner

This is a petition brought under the provisions of Chapter 92, section 43 of the General Laws of Massachusetts, as amended, by the New England Telephone and Telegraph Company, a corporation duly organized under the laws of the state of New York and lawfully engaged in the distribution of telephone and its allied services in the city of Cambridge for determination by this Department that public convenience and necessity require locations in a portion of a public street in said City of Cambridge, namely Cambridge Parkway from Commercial Avenue, southeasterly, southerly, southwesterly and southeasterly approximately Five Hundred and Forty (540) feet of buried cable to be used for the transmission of intelligence by electricity and to be owned by your petitioner, said parkway being under the care and control of the Metropolitan District Commission.

A plan entitled "Plan #05-405 dated July 2, 1957" showing the proposed locations is on file with the petition.

After notice and a public hearing at which no one appeared in opposition, and after consideration, it appears that these locations for the transmission of intelligence by electricity are required by public convenience and necessity.

Accordingly, the Department

FINDS, by order, that locations in portions of Cambridge Parkway from Commercial Avenue in the city of Cambridge, said parkway being in the care and control of the Metropolitan District Commission, are required by public convenience and necessity for the transmission of intelligence by electricity. (See also D. P. U.
