What is your name and occupation—

A W Bryant I am a Farmer—

Where do you now reside and how long have you
resided there—East Lexington—Fifty years—
Was Born there—

Were you formerly Town Clerk of Lexington and
for how many years did you occupy that position—
Yes for Twenty-three years—

Do you know the Baker farm so called—

Yes I owned it and erected all the Buildings—
how many years was the Baker farm in your possession
about twelve years—

Did you dig the well on the premises

Yes and ~~was the first to dig it~~

In digging the well did you come in contact with
a ledge and to what dept from the surface—

Yes—I found a ledge nineteen feet from the surface—

Through how many feet of ledge did your blast
before you obtained water enough—

Seventeen feet before we ~~obtained enough~~ water—

What is your belief as to the extent or area of
that ledge underlying the Gravel—

over the principal part—the ledge dips towards the N. E.—

What in your opinion would be the value per acre
of the Baker farm when the gravel is removed

No Value as it would not be available for
Building purposes and of no value for
furnishing—.
