CAMBRIDGE MA.

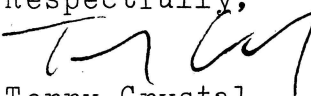

Planning Board  
City of Cambridge

Dear Ladies and Gentlemen:

It would appear that the historic building at 9-11 Mount Auburn Street is in violation of the zoning and building codes, having been moved there in clear disregard of the law. Since the decision to issue a special permit to Graham Gund for the Zero Arrow Street project was based on the illegal moving of this building by Mr. Gund, we ask you to render this decision null and void, and reopen the entire proceedings.

We have maintained, all along, that there were serious problems related to the placement of this building, and would like to know why our assertions were ignored, and only now, after a decision has been rendered, is the truth coming out.

Respectfully,

Terry Crystal  
for the East Harvard Square  
Neighborhood Association
