Deputy City Clerk
City Hall, Cambridge, Mass.

Dear Joe:

It is hard to describe my happiness at receiving the resolution from the City Council of the City of Cambridge. Thank you for forwarding it to me.

Please thank Danny Clinton for me as well as all members of the council signing, and of course my friend Paul Healy.

I should have written much earlier than now but things have been rather hectic getting settled. My furniture was several days late. I did however live with my son Gerard at Miami while awaiting the shipment.

As my wife is still receiving radiation treatment for cancer every week day these visits and getting the house more or less fit to live in has taken some time.

My wife and I love the Condo and also the town which as you know is a favorite spot of Walter Sullivan.

There is no question that I will miss many things about Cambridge and most of greater Boston because of many friendships and familiar locations.

So for now, So. Long.

Sincerely

Frank Mac Donald
