CAMBRIDGE, MASS.

June 15, 1984

To the Honorable, the City Council:

The Central Square Committee has been informed about the proposal of Winn Development Company for mixed income residential development at the corner of Green and Magazine Streets. In discussions about development in Central Square, our committee has endorsed the concept of mixed income housing in that location. We are pleased to hear that there is a possibility for the City and a private developer to make such a project work.

We understand that the City Council has scheduled a public hearing for June 25, 1984. We would like to be recorded in favor of the development concept and look forward to learning more about the project as it progresses.

Sincerely,

The Central Square Committee
