PRESS RELEASE

The City of Cambridge would like to take this opportunity to thank the citizens and businesses for the cooperation and sincere efforts they have made in making our "Street Cleaning Program" a success. We have now reached a point where we are fighting the weather in continuing this program and it is our opinion that the month of November will be a critical month due to the large amount of leaves that are in our streets.

It was the amount of leaves on our streets that caused us to continue this program into the month of November and it was also part of the reason we decided to double up on our cleaning districts in order to avoid the bad weather conditions usually associated with late November.

I am again asking the cooperation of the residential and business community to assist us in our endeavor, as we do want to remove these leaves as they are very dangerous when they are wet.

Thank you again for your cooperation and please check the street cleaning schedule carefully as there are some changes that could affect you.

George Teso
Traffic Director
