Great thanks to the wonderful Central Sq. street work of the Community Development Department and the Public Works Agency.

They have achieved perfect effects. Removing wasted space while making it appear larger.

Eliminating the sterile straightness of Mass. Ave through Central Sq. with all kinds of pleasant curves and levels making Central Sq. a better feeling place. A healthy society depends on healthy architectural structures.

All the lives of the citizens of Cambridge
and those who pass through Central Sq.
have been made better,
