RE: Two Canal Park Project Approval (including curbside pickup)

Dear Councillors:

After meeting with New England Development on February 27th, May 8th, and May 29th, and deliberating on the issue at length, the ECPT resolved to support the PUD application submitted by the Two Canal Park Limited Partnership as long as the developer abides by the following conditions:

- 1) Negotiate with the East Cambridge community as necessary (especially if the plan changes significantly before the permitting process is complete)
- 2) Work with Cambridge Traffic and Parking on enforcing the "right hand turn only" restriction on cars exiting both parking garages.
- 3) Study the impacts of the development to traffic at the intersection of First and Cambridge Streets
- 4) Add retail space and windows to the First St. side of the building, if the Monitor Corporation does not lease the building
- 5) Mitigations added for the neighborhood remain part of the plan. Items such as the two tier, four season landscaping on Cambridge St.; the retail space on the corner of First and Cambridge Streets; the entrance on First St.; the pedestrian warning system for the garage exits; and the architectural elements on the corner of Cambridge and First Streets; are all part of the mitigations.

The resolution was adopted by the voting membership 22 to 4. If you have any questions please call me at 492-6339.

Regards,

Charles T. Hinds
President, East Cambridge Planning Team

APPLICATION FOR DRIVEWAY CUTS AND OPENINGS

CITY OF CAMBRIDGE

'97 JUN 18 PM 3 35

INSTRUCTIONS:

In order to obtain permission for a driveway cut or opening you must first get approval from the Department of Inspectional Services on the zoning requirements for off-street parking, including the cooperation of your immediate abuttors.

To receive a review from Inspectional Services you must fill out Part I of the application. Be sure to draw your plot plan on Drawing 1, choosing the lot that represents your lot's position, i.e. corner or interior. You must also include a sketch of the proposed driveway, including dimensions, on Drawing 2. You may then calculate the cost of the driveway by using the formula based on your choice of surfaces. You must also include a signed abuttor sheet for each of your abuttors: back yard, one on either side and the abuttor directly across the street.

Once you have gathered this information on the application, it should be submitted to:

Zoning Officer
Inspectional Services
831 Massachusetts Avenue
Cambridge, MA 02139

If the application is approved by Inspectional Services, it will then be sent on to Traffic and Parking, the Historical Commission and the Department of Public Works. If approved by Public Works, the application and backup will be sent to the City Council for their approval. Once the City Council approves, the driveway curb cut can be installed. However, the full cost of the cut must be paid to Public Works before the work will start.

If, however, Inspectional Services denies your application you may then appeal to the Zoning Board of Appeals.

Re: Curb Cut Applications for Curb Cuts
at First Street and Cambridge Street
Two Canal Park, Cambridge, Massachusetts

Dear Ranjit:

I have enclosed for your review and submission to the various departments of the City of Cambridge, completed curb cut applications for an existing curb cut at First Street and an existing curb cut at Cambridge Street (which Cambridge Street curb cut is to be relocated) serving Two Canal Park, Cambridge. I have also enclosed plot plans to scale and fully executed abutters forms (in counterparts) for both curb cuts.

As you know, New England Development would like to have these curb cut applications before the City Council for their meeting of June 23, 1997. I recognize that the curb cut applications have been submitted rather late in the process, however, we would appreciate any efforts you could make toward meeting the June 23, 1997 City Council meeting.
