Building New Strength & Unity

Open Letter to the Community

Dear Friend:

We are employees and union members at Rounder Records Group in Cambridge, Massachusetts. Our union represents professionals and line staff performing such jobs as shipping, accounting, sales promotions, production, art design etc. We are the heart of Rounder Records top to bottom and we take pride in the quality product we produce and the reputation we have gained as a local label with integrity. We are writing to the community to let our friends and supporters learn about our hard work at Rounder and the goals and aspirations we have for our company and our union

Who We Are

We are the Union at Rounder Records. As part of SEIU District 925 we are part of a large international union which represents service and allied trade workers around the country. SEIU has a strong progressive tradition and we have tried to bring that philosophy to Rounder. As union members we have fought for and won the right to be at the table where important decisions are made which affect our families and working lives.

Our Goals

Rounder Records and SEIU District 925 are presently in contract negotiations for a successor collective bargaining agreement. Our goals are simple, to earn a living wage, maintain quality healthcare and create an environment where workers are included in important decisions which affect their careers and lives. We seek to make Rounder a more productive company by proposing innovative ideas around open management and team building. We seek to encourage long term service and stability so that our coworkers can achieve career advancement and prosper at a company which appreciates experience and quality work.

Our Message

We believe Rounder works best when we work together. We are asking the community for their support to help us achieve our goals. Dignity and Respect are the hallmark of our union and we encourage Rounder to treat its employees with the same dignity and respect we show each other.
