Mr. Larry Beeferman

Larry:

This will confirm my remarks to you this afternoon regarding the marginal notations in the "BREMER" report dated February 5, 1979. This was the data processing survey report.

Please note that the aforementioned notations were made by Mr. Jack Doyle of the management consulting staff of Peat, Marwick, Mitchell & Co. Mr. Doyle borrowed my copy of the report several months after it was written, with my permission. Doyle was on-site supervisor during a Systems Development engagement during the period from 1974 until 1977.

Sincerely yours,
