Ms. Drury, City Clerk

June 9, 1994

Dear Ms. Drury:

This is to inform you of the injustice which, I feel, my business, my staff and myself have incurred as a result of the Sherman St. sewer project. This project has directly impacted our neighborhood since late 1993, appx. eight months.

The signage located on Rindge Ave. and at Walden Ave. led people to believe that the street was closed 24 hours a day 7 days a week until the local businesses, like José's and the Brickyard, complained to the Dept. of Public Works. We were referred to a Mr. Jessaume who promised much and delivered little.

This letter is to request time before the Cambridge City Council. We feel the need to vent our anger resulting from the inept warning, planning, execution and duration of this project. Not forgetting that this is the fourth time that this neighborhood has suffered through infrastructure improvements in as many years.

This is a last resort, not a first attempt, at resolution. Previously, we feel, we have received rhetoric and have been disregarded in our attempts to be recognized. We are prepared to present our case at the Monday Council meeting.

Sincerely,

Margaret White
