Dear Mr. Wuenschel:

I am pleased to write that the review process and execution of the construction contract between the Cambridge Housing Authority and Dartmouth Construction Company, Inc., for the construction of an elderly housing development under c.667 of the M.G.L. has been completed.

The Affirmative Action Program was discussed by the parties to the contract and has been approved by all parties concerned.

The contracts, sub-contracts, performance and payment bonds were reviewed by our legal department and found to be in order. Therefore, the Department herewith approves the contract between your Authority and Dartmouth Construction Company, Inc., in the amount of \$1,152,983.00.

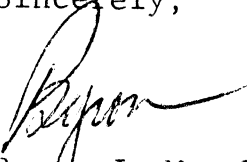

We are returning herewith two copies of the approved contracts, one to be retained by your Authority and the other to be forwarded together with a Notice to Proceed to the General Contractor.

The construction of the development is the responsibility of the parties to the contract.

The Department will augment the inspection of the construction from time to time as may be required. The basic responsibility for supervision rests with your Authority, your Architect and your Clerk of the Works.

Should your Authority require advice and/or assistance during the construction period, please communicate with this Department as soon as any problem arises.

Sincerely,
