CITY OF CAMBRIDGE.

In Board of Aldermen,
June 19th, 1900.

Resolved: That the public necessity and convenience require that Granite street should be extended from Pearl street to Brookline street, and laid out as a public way, and that as a part of such extension and laying out, it is necessary to take for such purpose a certain strip or parcel of private land, said Granite street so extended and laid out being bounded and described as follows:—

Beginning at a point in the southeasterly line of Pearl street, at the tangent point of a curve; thence southerly along said curve of twenty (20) feet radius about thirty-one and eight tenths (31.8) feet to its other tangent point in the northeasterly line of Granite street; thence southeasterly along said northeasterly line of Granite street, about one hundred and sixty-nine (169) feet to the tangent point of a curve; thence easterly along said curve of ten (10) feet radius about fifteen and five tenths (15.5) feet to its other tangent point in the northwesterly line of Rockingham street; thence southeasterly forty (40) feet to the tangent point of a curve in the southeasterly line of Rockingham street; thence southerly along said curve of ten (10) feet radius about fifteen and nine tenths (15.9) feet to its other tangent point in the northeasterly line of Granite street; thence southeasterly along said line of Granite street, about two hundred and seventeen (217) feet to the other tangent point of a curve; thence easterly along said curve of thirty (30) feet radius about forty-six and five tenths (46.5) feet to its other tangent point in the northwesterly line of Brookline street; thence southwesterly by a straight line about ninety-one (91) feet to the tangent point of a curve in the westerly line of Brookline street; thence northwesterly along said curve of forty (40) feet radius, about forty-one (41) feet to its other tangent point in the southwesterly line of Granite street; thence northwesterly along said line of Granite street, about four hundred and sixty-two and five tenths (462.5) feet to the tangent point of a curve; thence westerly along said curve of twenty (20) feet radius, about thirty-one (31) feet to its other tangent point in the southeasterly line of Pearl street; thence northeasterly along said line of Pearl street, about seventy-nine and five tenths (79.5) feet to the tangent point of a curve at the point of beginning. Containing twenty-one thousand six hundred and fifty (21,650) square feet.

The above described parcel of land is shown on a plan entitled "City of Cambridge, Plan showing Proposed Laying Out and Extension of Granite Street," dated September 19, 1899, drawn by L. M. Hastings, City Engineer, and on file in the office of the City Engineer, of Cambridge, Mass.

Such widening, extension and laying out to be done under the provisions of the statute authorizing the assessment of betterments. It is therefore hereby

Ordered, That due notice be given to the owners of lands on the line of the aforesaid widening, extension and laying out, and all other persons interested, in the manner prescribed by law, and by advertising in the newspaper called the Cambridge Chronicle, that this Board intends to lay out the street before mentioned, by taking a portion of their land and laying out the same as a public street, and that Tuesday, the 11th day of September, next, at 8.30 o'clock P. M., in the Aldermanic Chamber, City Hall, are assigned as the time and place for hearing any objections which may be made thereto.

Adopted. Sent to the Common Council for concurrence. Attest: Edward J. Brandon, City Clerk. In Common Council, June 19, 1900. Concurred, Attest: Edward A. Counihan, Clerk. Executive Department, June 21, 1900. Approved, Edgar R. Champlin, Mayor. Mayor's Record, Vol. 8, Folio. A true copy, Attest: Edward J. Brandon, City Clerk.

Cambridge June 23 1900

By virtue of this notice. I this day gave notice to the owners of land on the line of extension and laying out and all others interested. by giving in hand to Ida A. Sibley. Maria M - Nash and Maria A. Emmerson an attested copy of this notice. and by sending by registered letter to Alice M. Briggs Revere Mass and George B. Upton. - Boston Mass. an attested copy of this notice. by posting three like copies on fence on Granite Street. and a like attested copy at City Hall. All the foregoing having been done seven days at least before Sept 11th 1900

James E. Emmons
Constable of Cambridge

City of Cambridge

IN BOARD OF ALDERMEN,

June 19th, 1900.

Resolved: That the public necessity and convenience require that Granite street should be extended from Pearl street to Brookline street, and laid out as a public way, and that as a part of such extension and laying out, it is necessary to take for such purpose a certain strip or parcel of private land, said Granite street so extended and laid out being bounded and described as follows:-

Beginning at a point on the southeasterly line of Pearl street, at the tangent point of a curve: thence southerly along said curve of twenty (20) feet radius about thirty-one and eight tenths (31.8) feet to its other tangent point in the northeasterly line of Granite street: thence southeasterly along said northeasterly line of Granite street about one hundred and sixty-nine (169) feet to the tangent point of a curve: thence easterly along said curve of ten (10) feet radius about fifteen and five tenths (15.5) feet to its other tangent point in the northwesterly line of Rockingham street: thence southeasterly forty (40) feet to the tangent point of a curve in the southeasterly line of Rockingham street: thence southerly along said curve of ten (10) feet radius about fifteen and nine tenths (15.9) feet to its other tangent point in the northeasterly line of Granite street: thence southeasterly along said line of Granite street about two hundred and seventeen (217) feet to the other tangent point of a curve: thence easterly along said curve of thirty (30) feet radius about forty-six and five tenths (46.5) feet to its other tangent point in the northwesterly line of Brookline street: thence southwesterly by a straight line about ninety-one (91) feet to the tangent point of a curve in the westerly line of Brookline street: thence northwesterly along said curve of forty (40) feet radius about forty-one (41) feet to its other tangent point in the southwesterly line of Granite street: thence northwesterly along said line of Granite street about four hundred and sixty-two and five tenths (462.5) feet to the tangent point of a curve: thence westerly along said curve of twenty (20) feet radius about thirty-one (31) feet to its other tangent point in the southeasterly line of Pearl street: thence northeasterly along said line of Pearl street about seventy-nine and five tenths (79.5) feet to the tangent point of a curve at the point of beginning. Containing twenty-one thousand six hundred and fifty ($21,650) square feet.

The above described parcel of land is shown on a plan entitled "City of Cambridge, Plan showing Proposed Laying Out and Extension of Granite street," dated September 19, 1899, drawn by L. M. Hastings, City Engineer, and on file in the office of the City Engineer, of Cambridge, Mass.

Such widening, extension and laying out to be done under the provisions of the statute authorizing the assessment of betterments.

It is therefore hereby

City of Cambridge

IN BOARD OF ALDERMEN,

Ordered,

That due notice be given to the owners of lands on the line of the aforesaid widening, extension and laying out, and all other persons interested, in the manner prescribed by law, and by advertising in the newspaper called the Cambridge Chronicle, that this Board intends to lay out the street before mentioned, by takinf a portion of their land and laying out the same as a public street, and that Tuesday, the 11th, day of September next, at 8.30 o'clock P. M., in the Aldermanic Chamber, City Hall, are assigned as the time and place for hearing any objections which may be made thereto.

ORDER

Laying out Granite Street,
Pearl to Brookline St.

Sept 18 1900

Special Assignment,

Sept. 11th, 1900.

8.30 o' clock P.M.

CITY OF CAMBRIDGE.

In Board of Aldermen,
June 19th, 1900.

Resolved: That the public necessity and convenience require that Granite street should be extended from Pearl street to Brookline street, and laid out as a public way, and that as a part of such extension and laying out, it is necessary to take for such purpose a certain strip or parcel of private land, said Granite street so extended and laid out being bounded and described as follows:—

Beginning at a point in the southeasterly line of Pearl street, at the tangent point of a curve; thence southerly along said curve of twenty (20) feet radius about thirty-one and eight tenths (31.8) feet to its other tangent point in the northeasterly line of Granite street; thence southeasterly along said northeasterly line of Granite street, about one hundred and sixty-nine (169) feet to the tangent point of a curve; thence easterly along said curve of ten (10) feet radius about fifteen and five tenths (15.5) feet to its other tangent point in the northwesterly line of Rockingham street; thence southeasterly forty (40) feet to the tangent point of a curve in the southeasterly line of Rockingham street; thence southerly along said curve of ten (10) feet radius about fifteen and nine tenths (15.9) feet to its other tangent point in the northeasterly line of Granite street; thence southeasterly along said line of Granite street, about two hundred and seventeen (217) feet to the other tangent point of a curve; thence easterly along said curve of thirty (30) feet radius about forty-six and five tenths (46.5) feet to its other tangent point in the northwesterly line of Brookline street; thence southwesterly by a straight line about ninety-one (91) feet to the tangent point of a curve in the westerly line of Brookline street; thence northwesterly along said curve of forty (40) feet radius, about forty-one (41) feet to its other tangent point in the southwesterly line of Granite street; thence northwesterly along said line of Granite street, about four hundred and sixty-two and five tenths (462.5) feet to the tangent point of a curve; thence westerly along said curve of twenty (20) feet radius, about thirty-one (31) feet to its other tangent point in the southeasterly line of Pearl street; thence northeasterly along said line of Pearl street, about seventy-nine and five tenths (79.5) feet to the tangent point of a curve at the point of beginning. Containing twenty-one thousand six hundred and fifty (21,650) square feet.

The above described parcel of land is shown on a plan entitled "City of Cambridge, Plan showing Proposed Laying Out and Extension of Granite Street," dated September 19, 1899, drawn by L. M. Hastings, City Engineer, and on file in the office of the City Engineer, of Cambridge, Mass.

Such widening, extension and laying out to be done under the provisions of the statute authorizing the assessment of betterments. It is therefore hereby

Ordered, That due notice be given to the owners of lands on the line of the aforesaid widening, extension and laying out, and all other persons interested, in the manner prescribed by law, and by advertising in the newspaper called the Cambridge Chronicle, that this Board intends to lay out the street before mentioned, by taking a portion of their land and laying out the same as a public street, and that Tuesday, the 11th day of September, next, at 8.30 o'clock P. M., in the Aldermanic Chamber, City Hall, are assigned as the time and place for hearing any objections which may be made thereto.

Adopted. Sent to the Common Council for concurrence. Attest: Edward J. Brandon, City Clerk. In Common Council, June 19, 1900. Concurred, Attest: Edward A. Counihan, Clerk. Executive Department, June 21, 1900. Approved, Edgar R. Champlin, Mayor. Mayor's Record, Vol. 8, Folio. A true copy, Attest: Edward J. Brandon, City Clerk.

CONCURRED
ATTEST Albert M Read CLERK pro-tem.

City of Cambridge

In Board of Aldermen, September 18, 1900.

The Committee on Roads and Bridges,

to which was recommitted an order of notice for laying out Granite street, after a hearing thereon,

Reports

Recommending

the adoption of the accompanying order extending and laying out said Granite street, in accordance with the description in the order of notice before mentioned, by taking the several parcels of land described in the order. All as indicated upon plan dated September 19, 1899, now before this board.

The City Engineer's estimate of the total cost of this extension, including land damages is $15,848.87, but as it is not likely that there will be any immediate expenditure, it is not deemed necessary to recommend any award of damages, nor consequent appropriation therefor at this time.

For the Committee,

John T. Shea

REPORT.
