Hon. Richard M. Russell,
Mayor,
Cambridge, Massachusetts

Dear Mayor Russell:

Since receipt of your formal request that the Governor's Committee on Street and Highway Safety make a Traffic Safety Survey in Cambridge, several news items have come to my attention concerning various orders introduced by members of the City Council covering installation of traffic signals and signs.

It might be well to urge the City Council to defer decisions on these matters until our Survey is completed as factual data upon which to base matters of that kind will then be available.

Very truly yours,

L.A. Blanchard

I transmit herewith letter to me dated June 10, 1933 from the Governor's Committee on Street and Highway Safety (Lloyd A. Blanchard, Executive Secretary).

In view of his recommendation, and in order to keep the City's records in order, I suggest that you rescind your order of June 6, 1933, by which you voted to appropriate \$2,110.00 for the installation and maintenance of traffic signals at Broadway and Windsor Street and Broadway and Columbia Street.
